

Biological Sciences Course Rotations

Please note that this schedule is subject to change.

Every Semester

BIOL 100	Concepts Biology: Human Concerns
BIOL 101	Biology I
BIOL 102	Biology II (starting fall 2004)
BIOL 206	Cell Biology
BIOL 209	General Ecology
BIOL 221	Introductory Microbiology
BIOL 223	Introductory Microbiology Lab
BIOL 235	General Microbiology
BIOL 315	Introduction to Biometry
BIOL 358	Genetics
BIOL 369	AIDS
BIOL g417	Organic Evolution
BIOL g418	Ecological Topics (most semesters)
BIOL g481	Independent Problems
BIOL g482	Independent Problems
BIOL g491	Seminar
BIOL g492	Seminar
BIOL 493	Senior Thesis
BIOL 494	Microbiology Seminar
BIOL 496	Ecology Senior Seminar
BIOL 648	Graduate Problems
BIOL 650	Thesis
BIOL 699	Doctoral Dissertation
BIOL 700	Supervised Teaching Internship

Every Fall

BIOL 213	Fall Flora
BIOL 301	Anatomy and Physiology
BIOL 305	Introduction to Pathobiology
BIOL 314	Comparative Vertebrate Anatomy
BIOL 334	Experimental Biochemistry
BIOL g404	Plant Physiology
BIOL g411	Clinical Diagnosis (Internship)
BIOL g413	Biology Teaching Methods
BIOL g419	Mammalian Histology
BIOL g429	Regional Anatomy and Histology
BIOL g433	Microbial Physiology
BIOL g434	Microbial Diversity
BIOL g432	Biochemistry
BIOL g435	Vertebrate Paleontology
BIOL g440	Human Gross Anatomy
BIOL g445	Biochemistry I
BIOL g449	Human Physiology I
BIOL g451	Immunology
BIOL g451L	Immunology Lab
BIOL g454	Advanced Immunology
BIOL g463	Human Pathophysiology
BIOL g464	Lectures in Human Physiology
BIOL g474	Human Anatomy (OT/PT emphasis)
BIOL g475	General Virology
BIOL g478	Animal Virology Lab
BIOL g479	Survey of Electron Microscopy
BIOL g486	Human Systematic Physiology
BIOL 610	Principals of Molecular Biology
BIOL 631	Advanced Systematic Botany
BIOL 687	Environmental Science & Pollutants
BIOL 691	Seminar
BIOL 693	Seminar in College Teaching

Every Spring

BIOL 214	Spring Flora
BIOL 302	Anatomy and Physiology
BIOL 303	Principals of Animal Physiology
BIOL 307	Radiobiology
BIOL 310	Invertebrate Zoology
BIOL 324	Developmental Biology
BIOL 337	Conservation of Natural Resources
BIOL g400	Oral Histology and Embryology
BIOL g412	Systematic Botany
BIOL g438	Ornithology
BIOL g446	Selected Topics in Physiology
BIOL g447	Biochemistry II
BIOL g448	Adv. Experimental Biochemistry
BIOL g450	Head and Neck Anatomy
BIOL g455	Pathogenic Microbiology
BIOL g455L	Pathogenic Microbiology Lab
BIOL g456	Human Physiology 11
BIOL g460	Neuroscience
BIOL g465	Microbial Genetics
BIOL g466	Medical Mycology
BIOL g467	Microbial Genetics Lab
BIOL g468	Oral Microbiology
BIOL g470	Cross-Sectional Anatomy
BIOL g472	Clinical Physiology
BIOL g477	Bacterial Virology Lab
BIOL 621	Adv. Methods in Microbiology
BIOL 632	Advanced Systematic Botany -
BIOL 670	Selected Topics in Microbiology
BIOL 675	Advanced Bacterial Virology
BIOL 676	Advanced Animal Virology
BIOL 692	Seminar
BIOL 694	Advanced Studies in College Teaching
