		6

(Students may extend their program by taking 609/610, 627,628,651 in a second year.)

TOTAL CREDITS 33 – 41

* Taken in second year for extended program students.

Notes: The oral examination is completed in mid-summer II and will be based primarily on the Master's Paper (CSED 651). Applicants must document an education bachelor's degree (or related area) and be eligible for certification in their home state, and have intermediate sign language skills. Students employed as teachers full-time during Fall/Spring semester are required to limit duties. Students with inadequate sign language skill may be required to take 4-6 credits of CSED 608 (Communication Practicum) during Fall/Spring semester(s). Traditional students will be placed at ISDB, MSDB or USDB (Salt Lake City) Fall/Spring semester(s), or may petition for other sites. (Other sites may be considered if there is a critical mass of 2-3 teachers at one site.)

All Students in the Deaf Education Program must complete the following:

1. All coursework with B average or higher (ISU Graduate School dismisses when two C+ or below grades are received).
2. An appropriate student teaching experience at ISDB, MSDB or USDB (CSED 609) or other appropriate setting is optional for non-traditional students but required for traditional students. ASL/Interpreter Trainer students register for CSED 610 and student teach in ASL classrooms or an interpreter training program.
3. A comprehensive portfolio on teaching and service.
4. An oral exam covering the Master's Paper (CSED 651) taken Summer II or Summer III

Non-resident tuition is waived if the student is a resident of one of the 14 Western states (WRGP)

Note: Moodle is the on-line "platform" used by ISU. Students must have access to reliable internet service and have a computer adequate to meet program needs.
