

WEEKLY ANNOUNCEMENTS FOR JANUARY 31, 2010

Please submit newsletter information to Pam at chripame@isu.edu

FACULTY/STAFF/OTHER MEETINGS

Biological Sciences Faculty Meeting will be held **Tuesday, February 2, 2010**, in the **Speech Pathology Building #68** in room **SPA 315** at noon.

SEMINARS

Seth Wenger, Trout Unlimited and US Forest Service Rocky Mountain Research Station, will present his seminar, "Potential Shifts in Native and Invasive Trout Distributions in the Upper Columbia Basin under Climate Change: Considering the Combined Influence of Flow Regime, Temperature and Biotic Interactions," **Thursday, February 4, 2010**, at **4:00 PM** in the **Lecture Center 10**.

PUBLICATIONS

Jenkins, A.R. and **Keeley, E.R.** 2010. Bioenergetic Assessment of Habitat Quality for Stream-dwelling Cutthroat Trout (*Oncorhynchus clarkii bouvieri*) with Implications for Climate Change and Nutrient Supplementation. *Canadian Journal of Fisheries and Aquatic Sciences* 67: 371-385.

Whiting, J.C., K.M. Stewart, **R.T. Bowyer**, and J.T. Flinders. 2010. Reintroduced Bighorn Sheep: Do Females Adjust Maternal Care to Compensate For Late-Born Young? *European Journal of Wildlife Research* 56: DOI 10.1007/s10344-009-0323-y.

AWARDS

Dr. Rosemary Smith has been awarded \$5,000 from the Faculty Research Committee (FRC) for her proposal, "The Evolution of Parental Care in Beetle."

UPCOMING EVENTS

Idaho Chapter of the American Fisheries Society announces the 2010 Annual Meeting, Idaho's Native Fishes: Understanding Their Distribution and Abundance, March 3-5, 2010, at the Red Lion Hotel, Pocatello, Idaho. Hosted in part by the Portneuf Student subunit at Idaho State University. For more information about this event go to: <http://www.idahoafs.org/meeting.php>.

Native Flora Workshop, March 23-24, 2010, Idaho State University, Wood River Room, Pocatello, Idaho. *The Sah-Wah-Be Chapter of the Idaho Native Plant Society is pleased to sponsor the 1st Idaho Native Flora Workshop, Back to Basics in Field Identification.* *Co-hosts include: The Idaho Museum of Natural History, Ray J. Davis Herbarium, and the Idaho State University Department of Biological Sciences.* **A \$35 registration fee (\$15 for students) is due by February 28, 2010.**

Registration submitted on March 1, 2010, or later will be \$45 (\$25 for students). Cost of the banquet will be \$21 per person. **Find the registration form, schedule, and other relevant information by clicking on the link, Native Flora Workshop, at www.idahonativeplants.org.** Conference attendees may pay by

check, Mastercard or VISA. Please contact Janet Bala at (208) 282-2815 (work), (208) 317-3824 (cell), or balajane@isu.edu with questions regarding the workshop.

OPPORTUNITIES

Idaho State University Research Experience for Undergraduates (REU) Summer Program in Nuclear Physics, Radiobiology, and Nuclear Engineering. This NSF-sponsored program immerses undergraduate students in active research projects where each student is engaged in hands-on research from a variety of areas in Nuclear Science. For 10 weeks, these students will be partnered with faculty and graduate students from the Idaho Accelerator Center, the Department of Physics, the Department of Anthropology, the Department of Nuclear Engineering, and the Department of Biological Sciences at Idaho State University.

The program encompasses a lecture series on advanced topics in physics and related disciplines, as well as participant presentations. A stipend of \$4500, room and board, and travel reimbursement are provided. Organized activities for REU students include whitewater rafting, camping, and hiking. We especially welcome applications from women and students from minority groups. **Applications due March 5, 2010.** More information and application materials are available at <http://www.physics.isu.edu/internships/reu.html>.

JOB OPPORTUNITIES

Idaho BioScience, a division of Santa Cruz Biotechnology, Inc., has a number of scientific positions available at its new **Sun Valley, Idaho**, facility. This new division will focus on the development of monoclonal antibodies. Positions available for recent graduates with a bachelor's degree in a relevant science include: *Hybridoma Development and Cell Culture*; *Antibody Characterization*; and *Laboratory Assistant*. For inquiries regarding Idaho BioScience or available positions, please visit <http://www.scbt.com> or call **1-800-457-3801** and ask for Jennifer Zimmerman. To apply, please submit a cover letter explaining why you want to work at Idaho BioScience and/or why you want to live in Sun Valley, Idaho, and a resume, via e-mail, to hr@scbt.com.

PAYROLL INFORMATION

Our pay period ends Saturday, February 6. Please be sure to **submit your time by Monday, February 8, at 12 NOON.** This gives **your approver time to approve your time card and fix any problems by Tuesday, February 9**, when time cards are due to Payroll. If you have employees working for you, you need to make sure they are submitting their hours and that you are approving their time cards on time. Time cards need to be submitted and approved on time for everyone to get their pay checks when they expect them.
