

BengalWeb

is coming soon!

Starting **December 1**, all ISU employees begin using our new web portal, **BengalWeb!**

BengalWeb brings you: Access to electronic services and information in a **single, easy-to-navigate site.**

BengalWeb brings you: Access to employee information, Moodle, and much more!

BengalWeb brings you: Personalized content that you can customize to suit the way you work.

Most employees who currently fill out timesheets will begin entering their time online through ISU's new portal, **BengalWeb.**

- Enter your time **from any computer—ANYWHERE!**

If you are entering time on a time clock (or if you're told you won't be doing web time entry for another reason) you'll still want to take advantage of the other features **BengalWeb** has to offer **EVERYONE!**

- **No more printed direct deposit slips (paystubs).**
- View pay details in **BengalWeb** and print them out if you like.
- Update your address and other personal information in **BengalWeb.**

If you have questions contact your **TigerGuide:** _____
