CC:

Dear ISU Employees,

Beginning July 1, all old ISU departmental Account Numbers will be replaced by new Banner Index Codes. If you'll be making purchases, deposits, or managing departmental budgets and expenditures, you'll need to know your new Codes.

To facilitate a smooth transition, the Finance team has developed a [Look Up New Numbers & Codes](#) tool where employees can:

Enter an old ISU Account Number & find the equivalent new Index Code.

Enter a specific account director's name and see all the Index Codes belonging to that individual.

To learn how the new Index Codes are constructed and what they mean, and to learn more about other new accounting terms, please review the [Introduction to Banner Finance Terms](#).

For more information about the Finance go-live, visit www.isu.edu/tigeri.

Sincerely,

The Tigeri Project Staff
