CC:

Dear ISU Employees,

Banner Finance is now LIVE!

From this point forward, all university financial operations will be managed and recorded in the new Banner Finance system.

As of today, new Banner Index Codes will replace old ISU departmental account numbers. To make purchases, deposits, or manage departmental budgets and expenditures, you'll need to know your new Index Codes. Departmental account numbers will no longer be used or accepted.

Use our [Look Up New Numbers & Codes](#) to identify your new Index Codes. Simply enter an old ISU account number, and the new Index Code equivalent will be displayed. Please note, Look Up New Numbers & Codes information is current as of May, 2009. Changes made in Banner after that date are not reflected.

Please be aware, that prior years' financial data has not been brought into Banner. Accounts in the new system begin with Fiscal Year 2010 (FY10). However, access to prior years' data in HP1 and through F/S Tools will remain available indefinitely or until financial data is archived. Access will be provided to the same extent it was previously.

Learn more about Banner Finance, and find out when training will be offered:

- [Introduction to Banner Finance Terms](#) -- Learn more about how Index Codes are constructed and what they mean. Find out about Commodity Codes, Account Codes, and other new accounting terms.
- [Look Up New Numbers & Codes](#) -- Enter an old ISU Account Number & find the equivalent new Index Code.
- [TIGERi Training Calendar](#) -- See a complete schedule of Finance training opportunities that match your schedule. To arrange special departmental presentations, contact [Tigeri Training](#).

If you have additional questions, or if you experience technical difficulties, contact the IT Service Desk at 282-4357(help) or email help@isu.edu.

Sincerely,

TIGERi Project Staff
