Hi Graham,

I've see the messages that your department posts on Facebook and Twitter. What an ingenious idea. I'm unsure of the proper guidelines to get something posted on those two mediums or who the contact person is. Anyhow, please post the following message on Facebook and Twitter. If someone else within your department handles this, please let me know and I'll email them.

Thank you for helping us spread the word about these important changes.

Sincerely,
Cali
