Thanks for your willingness to help us get the message out to ISU students. Here is the text we would like inserted on the main page of Moodle. We tried to word it so that it won't need to be changed after the go-live of Google Apps on the 6<sup>th</sup>. Thanks !

.....

Your new Google Apps at ISU account is live Oct 6, but only if you have changed your password since Sept. 23. If you have not yet changed your password, please go to [google.isu.edu](http://google.isu.edu) and click on the "[Important Message for ISU students](#)" link to find instructions on what to do. Google Apps Rocks!
