

## Get ready!

Registration for Fall 2010 classes using our system begins soon.

### Two important changes to look for when registering for classes.

- CRNs are now used instead of Index Numbers to identify course sections
- New Course Numbering -- all courses now have 4-digit numbers  
i.e., Engl 101 is now Engl 1101

Sign in to BengalWeb, click on the Academic Tools tab, and get ready.

#### Step 1: Update Emergency Contacts

ISU needs a contact for you in case of campus emergency.  
You must update this info before registering.

#### Step 2: Check My Registration Information

See if you need to resolve any issues before registration.  
Find out when you can register.

#### Step 3: Search the ISU Class Schedule

Find the classes you want to enroll in, and write down the CRN's.

For more information, click on "Spring into Action" in the Student Alerts channel on the Academic Tools tab. *Get it all in BengalWeb!*
