## OPERATION ROAD TRIP

(Readiness Operations And Defense to Train Rural Idaho in Preparedness)

Idaho is prepared for many types of disasters. However, we need to continue to prepare for what may come. You are invited to apply and take advantage of a unique training opportunity happening in Sandpoint during September and October, 2004.

The goals of Operation ROAD TRIP are to provide training and hands-on exercises to first responders that will have students alternating between classroom training and exercises staged at the Lakeside Inn. The culminating event on October 29 & 30 will be a final single scenario which includes a multi-agency, multi-jurisdictional response to a CBRNE mass-casualty incident and training event based on lessons learned from the training.
