Contact the **Graduate School** for further information at graddean@isu.edu.

What is a Form I-20 and why do you need one? The Form I-20 is a U.S. government form; but it is issued to the student by the school. It states that the student whose name is on the form has been accepted for a full course of study after submitting all required academic documentation. It also states that the school has seen documents proving that the student has enough money to live and study in the U.S. without working illegally or suffering from poverty. Without an I-20, it is not possible to obtain a student visa or to keep lawful F-1 status when transferring from one school to another in the U.S. It is the responsibility of the student to attend the school that has issued the I-20.

What is a DS-2019? A DS-2019 is needed by an exchange student sponsored by an agency or organization designated as an exchange visitor sponsor by the U.S. Department of State or an ISU approved partner school. You need to contact the **Office of International Programs and Services** at Idaho State University to see if you qualify for this status.
