December 22, 2004

GOOD MORNING!

The 2003-2004 Annual Report of the Kasiska College of Health Professions summarizes events and outcomes of the 2003-2004 academic year. Once again, we have organized our reports around our strategic plan in an effort to link our goals and our data. We continue to include historical data to assist our readers in noting changes across time. We have added more financial information this year. In addition to tracking state funds and grants and contracts, we are including the amount of program fees, course fees and clinic fees which support our programs. State funds no longer reflect the true cost of our programs.

Our data demonstrate that our students are successful, and our faculty are productive both in their research and service activities. The Kasiska College of Health Professions continues to serve Idaho by providing access to health programs for our Idaho applicants and health providers in our communities.

Sincerely,

A handwritten signature in blue ink that reads "Linda C. Hatzenbuehler". The signature is written in a cursive style.

Linda C. Hatzenbuehler, Ph.D.  
Dean

# Kasiska College of Health Professions

## Mission Statement

The mission of the KCHP is multifaceted. The primary responsibility of the college is the enhancement of the quality of life of the residents of Idaho and the greater community through the education of students in the health care professions. This is facilitated through excellence in research, community service, teaching and application of technology, as well as strong leadership on issues related to health professions education and the delivery of health care services.

Five **Goal Categories** have been identified in the **KCHP STRATEGIC PLAN** in order to fulfill the mission of the college: Access; Teaching; Scholarly Activity, Community Service and Inter-professional Activity.

**1. ACCESS:** Addressing availability of programs and resources, student recruitment, marketing and publicity.

KCHP continues to explore, develop and implement new program offerings in the health professions in order to provide expanded opportunities for Idaho's students and to meet the health-care needs of the citizens of Idaho. The college currently offers more than 40 associate, baccalaureate, master and doctoral degrees and certificates in a broad variety of health care disciplines (Table 1). During FY04, new programs, the Masters in Physician Assistant Studies and the Doctorate in Audiology, were implemented. Although enrollment in most programs is limited by accreditation standards, total student enrollment in the college programs increased from 804 to 868 (7.9 %); this increase was mostly due to growth in graduate programs where enrollment increased by 9% (Table 6). Although state appropriations increased by less than 1% over FY03 (Table 2), this growth was primarily supported by program fees, course fees, and other income (Table 3).

**2. TEACHING:** Addressing faculty development, faculty recruitment and retention, and improvement of instructional capabilities.

Although some shifting of faculty positions was made during FY 04, the total FTE faculty within KCHP remained relatively constant from the previous year with 139.82 FTE's currently employed (Table 2). Faculty salaries basically remained fixed once again, and as a result, retention of faculty is becoming more difficult. Nonetheless, programs have engaged in a number of activities to assist in faculty retention and improving faculty performance in the classroom. Faculty in many programs are encouraged to participate in continuing education programs, attend professional meetings and conferences, and some faculty were presented sabbatical leaves to develop and improve teaching and research skills. Graduates of KCHP programs continue to perform well on post-graduate certification and licensure examinations: Radiographic Science graduates had a 100% pass rate (Chart RS-3); Physician Assistant Studies 89% (PA-3); Nursing 100% (Nurs-4); Dietetics 100% (HNS-11); Dental Sciences 100% (DS-6);

Dental Hygiene 100% (DH-3); Audiology & Speech Language Pathology 100% (CSED-3, CSED-4; and Counseling 100% (COUNS-5).

**3. SCHOLARLY ACTIVITY:** Facilitating and improving faculty and student research and scholarly activity addressing and promoting the health professions.

KCHP faculty were successful in obtaining \$8.1 million dollars in grant support during FY 04, which represents more than a 70% increase over FY 03 (Table 10). College faculty published 79 refereed publications, book chapters, books and web media publications and presented 175 papers at local, state, regional, national and international meetings (Table 11). Mentoring programs for faculty developing research programs were established in the respective departments and the dean hosts periodic mentoring meetings for faculty to determine research needs within the college.

**4. COMMUNITY SERVICE:** Including professional involvement of faculty, staff and students with the general public as well as client and patient care activities.

Professional service provided by college faculty continues to be outstanding and includes, in part, providing professional expertise to local medical practices, providing workshops and seminars for practitioners and the general public on current health issues, serving as members and chairs of public service organizations and boards concerned with local health issues, organizing and participating in local health fairs, among many other activities. Specific public service contributions to the community, the State of Idaho, and the University are documented in the respective departmental annual reports included herein.

**5. INTERPROFESSIONAL ACTIVITY:** Involving collaboration among the college departments and professional disciplines on projects related to teaching, research and/or clinical activities in the health professions.

Collaboration of faculty from the various departments of the KCHP with other academic departments in the university and with local and state organizations in research and public service is strongly encouraged. Success is demonstrated by the number of collaborative refereed papers published by the faculty, by professional presentations at local, regional and national meeting by contributing faculty from more than one department, and by the variety of settings in which faculty are involved in professional service throughout the State of Idaho (see respective departmental reports).

# Departmental Annual Reports

**DEPARTMENT OF COUNSELING  
ANNUAL REPORT 2003-2004**

**Faculty**

**Chair and Professor:** Stephen Feit

**Professors:** Virginia Allen

**Associate Professor:** David Kleist

**Assistant Professor:** Kenneth Calhoun, Judith Crews, Nicole Hill, Tracy Stinchfield

**Clinical Assistant Professor:** Thana Singarajah

**Department Mission Statement**

The principle mission of the Department of Counseling is to prepare quality counselors for various settings in Idaho and the nation. More specifically, we seek to prepare quality school counselors for public schools in K-12 settings, mental health counselors for community agencies and other mental health settings, marriage and family counselors for agency and community settings, and student affairs and college counselors for working in college settings such as advising and residence hall and career centers. In addition, we prepare doctoral level counselor educators.

In addition to specific job settings, the faculty believes that it is also our mission to instill a strong sense of professional identity, appreciation for our rich knowledge base and to develop expertise in the skills of counseling with our students to aid them in becoming certified and/or licensed and in their initial job placement.

The Department of Counseling also has a mission within the Kasiska College of Health Professions which is to represent the mental health perspective within KCHP and to consult with KCHP faculty and departments in encouraging a holistic perspective for health care services.

**Accomplished Goals**

1. Department move to new space in Garrison House
2. Admission

**Committee Membership**

Departmental:

Admissions & Retention Committee (Allen, Calhoun, Crews, Feit, Hill, Kleist, Stinchfield)

Advisory Board (Allen, Calhoun, Crews, Feit, Hill, Kleist, Singarajah, Stinchfield)

Clinical Placement Committee (Allen, Calhoun, Crews, Feit, Hill, Kleist, Singarajah, Stinchfield)

Clinical Placement Committee–Boise (Calhoun, Crews)  
Council for Accreditation of Counseling and Related Educational Programs Liaison (Kleist)  
Curriculum Committee (Allen, Calhoun, Crews, Feit, Hill, Kleist, Singarajah, Stinchfield)  
Facilities/Equipment Committee (Feit)  
Faculty Research & Writing Review Committee (Kleist)  
Faculty Selection/Promotion/Tenure Committee (Allen, Calhoun, Crews, Feit, Hill, Kleist, Singarajah, Stinchfield)  
Family Centered Practice Committee (Kleist)  
Graduate Studies Committee (Allen, Calhoun, Crews, Feit, Hill, Kleist, Singarajah, Stinchfield)  
ISU Library Committee Liaison (Stinchfield)  
Multicultural Committee (Crews, Hill, Singarajah)  
National Board for Certified Counselors Liaison (Allen)  
Public Relations Committee (Hill, Kleist, Singarajah)  
Scholarship/Kasiska Committee (Allen, Calhoun, Crews, Feit, Hill, Kleist, Singarajah, Stinchfield)  
Technology Committee (Allen, Calhoun, Crews, Feit, Hill, Kleist, Singarajah, Stinchfield)

College:

Alumni Awards Committee (Hill)  
Appeals Committee (Allen, alternate: Stinchfield)  
Curriculum Committee (Stinchfield)  
Faculty Advisory Committee (Hill)  
Promotion and Tenure Committee (Allen, Kleist)  
Research and Development Committee (Crews)  
Scholarship Committee (Singarajah)

University:

ADA Assessment Appeals (Allen)  
Graduate Council, KCHP Alternate (Kleist)  
Human Subjects Committee (Kleist)  
PSUB Advisory Council (Allen)  
Research Coordinating Council (Kleist)  
Telehealth Grant (Allen)

**Professional Presentations**

### **DEPARTMENT MISSION STATEMENT**

“The missions of the department (which encompasses programs in Audiology, Education of the Hearing Impaired, Sign Interpretation and Speech-Language Pathology) are:

1. To educate clinicians, teachers and interpreters to serve children and adults with communicative disorders. Individuals will be educated in an environment in which excellence is expected and provided by both faculty and students.
2. To contribute to the knowledge in our profession and to incorporate existing and new knowledge into the clinical and academic education of our students.
3. To provide quality services to our local, regional, national and international communities. The clinical education of our students includes a commitment to provide the best possible clinical services to our clients.

All activities of the department including academic teaching, clinical teaching, research and public service are provided in a manner consistent with the highest principles of ethical standards.”

### **ACCOMPLISHED GOALS**

1. The AuD proposal was updated and forwarded to the State Board of Education for review.
2. Curriculum reviews were completed in the Deaf Education, Sign Language Studies and Educational Interpreting programs. Revised curricula were approved by the University Curriculum Council and the Graduate Council.
3. The first part of the ASHA directed Formative and Summative Evaluation for Audiology and Speech-Language Pathology was completed. These evaluations were integrated into the Annual Accreditation Report and sent to ASHA.

4. Additional funding was allocated to the Sign Language Studies/Educational Interpreter program to make Janelle's and Joan's positions state-appropriated lines. We now have four state-appropriated lines in these programs.
5. The Memorandum of Understanding between Idaho State University and the Idaho Elks Rehabilitation Hospital was completed. The Memorandum will initiate the cooperative Hearing Opportunity Program. This provides an additional .50FTE supervisory position in our Boise clinic.
6. An additional .50FTE state-appropriated supervisory position was allocated to Boise. This brings the ISU faculty in Boise to five — three fulltime and two part time.
7. Successful searches were completed for the Boise Clinical Coordinator and Clinical Supervisor positions. Corey Clemente has taken the position as the Clinical Coordinator and Jody Wood has taken the full-time clinical supervisor position.
8. New Departmental brochures were completed for Deaf Education and Speech-Language Pathology.

## **COMMITTEE MEMBERSHIP**

### **Departmental –**

#### **Barbara Bain:**

Co-chair of the departmental assessment committee  
 Member of the Departmental Executive Committee as the Director of Undergraduate Studies  
 Chair of the SLP Division  
 Ad Hoc Committee for academic faculty ASHA new standards (chair, 2002-present)  
 ASHA Assessment Committee (member)  
 Ad Hoc Committee for Undergraduate Curriculum Review, Chair, 2000-02  
 Ad Hoc Committee for Seminars Schedule, Member, 2000-02  
 Efficiency Committee, Chair 2001-02 (Completed Spring 2002)  
 CSED Chair Search Committee, member, Spring 2002  
 Clinical Promotion Guidelines Committee, Member 2001-2002

#### **Randy Bishop:**

Search committee  
 Admissions committee  
 ASHA Curriculum Compliance committee

#### **Jeff Brockett:**

Admissions  
 Financial Assistance  
 Undergraduate Curriculum Review  
 ISSI planning

#### **Kathleen Kangas:**

Director of Graduate Studies  
 Chair, Admissions Committee  
 Member, Comprehensives Question Committee

#### **Joni Loftin:**

Chair; Seminar Committee  
 Member; Recruitment & Retention Committee  
 Co-Chair; NSSLHA  
 Member; Comprehensives Committee  
 Chair; Ad Hoc Committee, Clinical Promotion & Tenure Standards revision  
 Member; Ad Hoc Committee, Student Workload  
 Co-director of the ISU Communication Preschool

#### **Tom Longhurst:**

Co-Director: Deaf Education Division Chair  
 ISSI Planning Committee  
 Chair: Class Schedule Committee  
 Member: Executive Committee  
 Co-Chair: Recruitment/Retention Committee

#### **Brenda Malepeai:**

Executive Committee, Member

ASHA Standards Committee, Chair  
Productivity Ad Hoc Committee, Member  
Comprehensive Examination Committee, Member  
Comprehensive Examination, Reader

**David Mercaldo:**

Co-Director: Deaf Education Division  
EHI Division Committees  
Five Year Review Committee  
ISSI Planning Committee

**Sherry Peck-Hinojosa:**

Chair of the SLS/Educational Interpreter division  
ISSI committee member  
Building remodel committee member

**Ron Schow:**

Head; Audiology Division  
Chair; Admissions and Financial Assistance Committee  
Member; ASHA New Standards Committee  
Member; Departmental Efficiency Committee

**Lorrie Scott:**

Co-director of the ISU Communication Preschool  
Advisor for the Student Affairs Committee  
Co-Advisor for NSSLHA  
Recruitment & Retention Committee

**Tony Seikel:**

Chair, CSED Recruitment and Retention Committee  
Chair, CSED Comps Committee  
Member, Admissions and Financial Assistance Committee  
Member, ASHA Assessment Committee  
Liaison without portfolio for Departmental Curriculum Revision Documentation with Curriculum Council (Ruth Moorhead)

**David Sorensen:**

Department Chair, CSED

**Emily Turner:**

Committee Member for ISSI  
Committee Member for Educational Interpreter Program review

**Audrey Weston:**

Department Assessment Co-Coordinator  
Recruitment and Retention Committee Member  
Comprehensive Examination Committee  
Boise Program Representative to Executive Committee

**Mary Whitaker:**

Audiology Clinic Director  
Clinical Promotion Committee  
ISSI

**Janene Willer:**

Telerounds Conference Coordinator  
Facility Remodel Committee  
Recruitment & Retention, Web page

**College –**

**Barbara Bain:**

Kasiska College of Health Professions Faculty Advisory Committee, 2000-Present; Chair 2002-present

**Kathleen Kangas:**

Chair KCHP Promotion & Tenure

**Joni Loftin:**

KCHP Scholarship Committee  
KCHP Health Fair Committee  
Scholastic Appeals Document Committee

**Brenda Malepeai:**

ISU Health Fair Steering Committee, Member

KCHP Clinical Faculty Promotion Committee, Chair

**David Mercaldo:**

Curriculum Committee

Promotion & Tenure Committee

**Ron Schow:**

KCHP Professional Achievement Committee

**Lorrie Scott:**

Clinical Faculty Promotion Committee

**Tony Seikel:**

Co-Chair, KCHP Research Committee

College representative, ISU Curriculum Council

College representative, ISU Computer Systems Advisory Committee

Alternate Member, Kasiska College of Health Professions Promotion and Tenure Committee

**Janene Willer:**

KCHP Strategic Planning Committee Coordinator

Clinical Faculty Promotion and Tenure

**University –**

**Barbara Bain:**

General Education Program Review 2002-present (ad hoc committee appointed by Dr. Lawson)

**Brenda Malepeai:**

SU Clinical Psychology Advising Committee, Member

ISU Curriculum Council, Vice Chair

ISU Financial Aid Review Committee, Member

**David Mercaldo:**

Faculty Senate

Teacher Education Committee

Search Committee: ADA Director

**Tony Seikel:**

Member, Computer Systems Advisory Committee (CSAC)

Member, Academic Subcommittee, CSAC

Member, ISU Curriculum Committee

**David Sorensen:**

Chair, Human Subjects Committee

**Emily Turner:**

Advisor for SRID Club

**Janene Willer:**

Member, University Library Committee

**PROFESSIONAL PRESENTATIONS**

**Local –**

**Jeff Brockett:**

Presented at Research Brown Bag Lunch

**Janene Willer:**

Presentation – Public School – Rupert Middle School, Multidisciplinary Approach to Assessing/Providing skills to multicultural/multilingual students.

**State –**

**David Mercaldo:**

Policy Board, Center for Policy Studies and Education Research. Topic: Teacher Supply and Demand in the Intermountain Region

**Sherry Peck-Hinojosa:**

“SimCom” at Sound Beginnings Conference, Boise, to SLP, Audiologists and parents of deaf and hard of hearing children.

**Audrey Weston:**

Weston, A. (2002). Phonological Analysis Approaches and Goal Setting: What’s Old and What’s New? Session presented at ISHA Conference, Sun Valley, Idaho.

**Regional –**

**National/International –**

**Barbara Bain:**

“Articulation and Phonological Intervention: From Current Status to Best Practice”, ASHA poster session

**Randy Bishop:**

ASHA Poster with Tony Seikel

Co-author chapter in Tony Seikel’s book

**Jeff Brockett:**

Third author on “Articulation and Phonological Intervention: From Current Status to Best Practice”, ASHA poster session

**Brenda Malepeai:**

Professional presentation – summer exchange program with Hallym University (Korea)

**Tony Seikel:**

Invited as presenter for 2002 Regional ISHA Conference (Seikel, J. A. & Jones, C. J. (2002). From Hand To Mouth: A Hands-on Workshop for Oral Motor Facilitation. Presentation to Southeastern Idaho Speech-Language-Hearing Association, February, Pocatello, ID.)

Presented poster to ASHA

Professional presentation – summer exchange program with Hallym University (Korea)

**Audrey Weston:**

“Articulation and Phonological Intervention: From Current Status to Best Practice”, ASHA poster session

## GRANTS

**Jeff Brockett:**

Applied for, and received funding for a Video Oscope through the Technology Mediated Instruction Initiative (TMII) (approx \$2000)

Applied for, and receive funding for seven (7) new computers and one (1) printer for the CSED department (approx \$10,000)

**Tom Longhurst:**

Completed and closed-out two major federal grants and initiated a new grant (I-HIP III) this year. Most of his scholarly activity relates to grant related research, proposal preparation and progress report preparation. He completed his Technology Incentive grant from the SBOE and another successful year of the State Improvement Grant (SIG).

**Audrey Weston:**

Received ISU Technology Mediated Instruction Initiative Grant for \$4215 to purchase Computerized Speech Lab

## PROFESSIONAL SERVICE

### University/Local –

**Barbara Bain:**

Reviewed scholarship applications for AMIS

**Randy Bishop:**

Hearing screenings at AMIS, ISU, and the Pocatello Senior Center

Audiological services at the following: ISU Clinic, Infant Toddler, Newborn screenings, Family Medicine, Health Fairs at; AMI, ISU, Soda Springs Senior Center, and Pocatello City.

Coordinator of the VA contract

**Jeff Brockett:**

Head Start Screenings (Fall, 2002)

ISU Health Fair Hearing Screenings (Spring, 2002)

**Joni Loftin:**

Screening Coordinator, Early Learning Center Hearing screenings, Hearing screenings at Grace Lutheran School Infant-Toddler screenings, Pocatello Early Childhood Community screenings; Member, Region VI Infant Toddler Committee; Member, Transagency Review Team, Region VI; Member, CSHP Task Force; Member, Public Awareness Subcommittee of Region VI Infant-Toddler committee; ISHA Convention Continuing Education Committee; Volunteer, ISU Health Fair

**Tom Longhurst:**

Tom’s service to the university remains his contribution to the number of scholarships and monthly stipends that help to fund students’ educations

**Brenda Malepeai:**

Clinic Director  
ISU Health Fair, Steering Committee  
ISU Health Fair, Registration Chair  
IET Assessment (Coordinates all aspects, provides SLP Assessments)  
Children's Special Health Services Cleft Palate Team  
Provide Fluency Assessment and Treatment Services for Community

**Ron Schow:**

Member of the ISU Interdisciplinary Evaluation Team (IET)

**Lorrie Scott:**

ISHA University Liaison  
ISU Health Fair  
ISU Graduate Information Fair  
ISU Majors Fair (Recruitment)  
Conducted on-site registration for ISU credit at ISHA convention

**Mary Whitaker:**

ISU Health Fair  
Telehealth  
Head Start Screenings  
Senior Citizen Center Health Fair  
Infant Toddler Screenings

**Janene Willer:**

ISU Health Fair, Consultant – Adult Communication Disorders  
Majors and Graduates Student Career Fair, Advising  
Mofa – Program – Development for Identifying Baseline Measures / Student Assessment

**State/Regional –**

**Brenda Malepeai:**

National Stuttering Association, Local Co-Chair

**David Mercaldo:**

Participated in a State Department of Education meeting to review the ETS tests: Praxis II

**Sherry Peck-Hinojosa:**

SLPI workshop – Gathered funding and recruited members throughout Idaho, set up SLPI training in Boise with Gallaudet Creator of Assessment.

**Emily Turner:**

President Ex-Officio of IRID

**Audrey Weston:**

ISHA program Committee member for April 2003 Convention, Boise, ID

**National/International –**

**Barbara Bain:**

ASHA site visitor for program accreditations visits  
Serves as an editorial consultant for the *American Journal of Speech Language Pathology*

**Tom Longhurst:**

Tom has continued to serve as a peer reviewer of federal grant proposals for the US Department of Education.

**David Mercaldo:**

Worked with individuals on the re-organization of the Convention of the American Instructors of the Deaf

Participated in a planning meeting in Phoenix (Spring, 2002) to re-structure CAID.

**Ron Schow:**

Serves as an editorial consultant for two audiology journals – *Educational Audiology Journal* and *Audiology, An International Journal*.

Member of the Council for Deaf and Hard of Hearing

Member of the neonatal hearing screening team at Portneuf Medical Center

**SPECIAL ACCOMPLISHMENTS/AWARDS**

**Faculty –**

**David Mercaldo:**

Presented with a plaque from the Center for Policy Studies and Education Research for analysis of state education policies

**Audrey Weston:**  
ISHA 2003, Honors of the Association  
**Mary Whitaker:**  
Immediate Past President EAA  
Appointed to joint ASHA/CED Committee

**Student –**  
None

## **Department of Dental Hygiene Annual Report 2003-2004**

### **Faculty**

**Chair and Professor:** Anita Herzog

**Assistant Chair and Professor:** Carlene Paarmann

**Professors:** Denise Bowen, Kathleen Hodges

**Associate Professors:** Kristin Calley, Carole Christie, Ellen Rogo

**Assistant Professors:** Tara Johnson

**Instructors:** Jacqueline Freudenthal

**Clinical Professor:** Gretchen Hess

**Associate Clinical Professor:** Meg Long

**Assistant Clinical Professors:** Kim Ellis, Jann Zollinger

**Clinical Instructor:** Camille Biorn

**Assistant Professor Emerita:** Carole Kawamura

### **Department Mission Statement**

The primary mission of the Department of Dental Hygiene at Idaho State University is to:

- facilitate the development of dental hygienists who are able to fulfill the multiple roles of professional dental hygienists;
- award baccalaureate degrees in the discipline with a vision toward granting graduate degrees;
- contribute to the science of dental hygiene and the advancement of related knowledge through applied qualitative and quantitative research;
- promote the health and well being of the public by providing clinical dental hygiene care and community service;
- participate as an integral, active, and contributing entity of the institution through university service.

### **Accomplished Goals**

1. 100% student success rate on written National Board exam.
2. 100% student success rate on regional clinical and anesthesia examinations.
3. 100% student success rate for those who took a restorative exam offered in Washington State.
4. Orchestrated a successful accreditation site visit by the American Dental Association.
5. Secured federal initiative funds to establish a graduate program.
6. Received approval from the State Board of Education to develop and implement a Master of Science degree in Dental Hygiene.
7. Experienced a significant increase in the applicant pool.

## **Committee Membership**

### **Departmental –**

Academic Standards & Requirements (Biorn, Calley, Ellis, Freudenthal, Hess, Johnson, Hodges, Long, Zollinger)  
Accreditation Self-Study preparation (Bowen, Calley, Christie, Freudenthal, Herzog, Hodges, Johnson, Paarmann, Rogo)

Western Regional Examining Board of Directors (Hess)  
Western Regional Examining Board Educator's Conference (Christie, Paarmann)  
Western Regional Executive Board Restorative Committee (Paarmann)

### **Special Accomplishments/Awards**

#### **Student –** Rolina Schneurle, selected as KCHP Outstanding Student

Cari Fisher, selected as Western Regional Examining Board Student Observer from schools in the eleven-state test area.

Heather Crawford, elected District XII Student Delegate to American Dental Hygienists' Association.

This year's performance on the National Dental Hygiene Board Examination was once again outstanding with a 100% pass rate on the first attempt. Results of the Western Regional Examining Board (WREB) examination were also excellent. All students passed the clinical WREB exam and the written and clinical local anesthesia examinations on the first attempt. One hundred percent of those students who chose to take the restorative examination passed. Idaho State University students continue to be highly ranked among participants from the eleven states involved in the WREB examination.

#### **Faculty –** Meg Long, KCHP Most Influential Professor Gretchen Hess, Promoted to Clinical Professor

**Department** – The Department of Dental Hygiene underwent a thorough accreditation visit that resulted in our maintaining the status of being fully accredited by the Commission on Dental Accreditation, American Dental Association. Included in the report was a commendation as follows: “The dental hygiene program is staffed by a core of well-qualified full-time faculty...the visiting committee noted the dedication and innovation demonstrated by the faculty and program director. The program director and faculty are commended for fostering a student-centered learning environment.”

The Department also was successful in orchestrating a proposal to develop a graduate program. With State Board approval and receipt of federal funding, a new Master of Science Dental Hygiene degree is in the process of being developed. Two additional faculty members and clerical staff have been approved and funded through the grant. Our goal is to have the new program ready to accept students in late summer of 2005.

The Dental Hygiene Department continues to be a nationally recognized program for its excellence. Evidence of this is apparent by the high student performance on national clinical and written board examinations as well as faculty professional involvement at local, state, regional, and national levels. Faculty members continue to be invited presenters and committee members at all levels.

## **Clinic Operations**

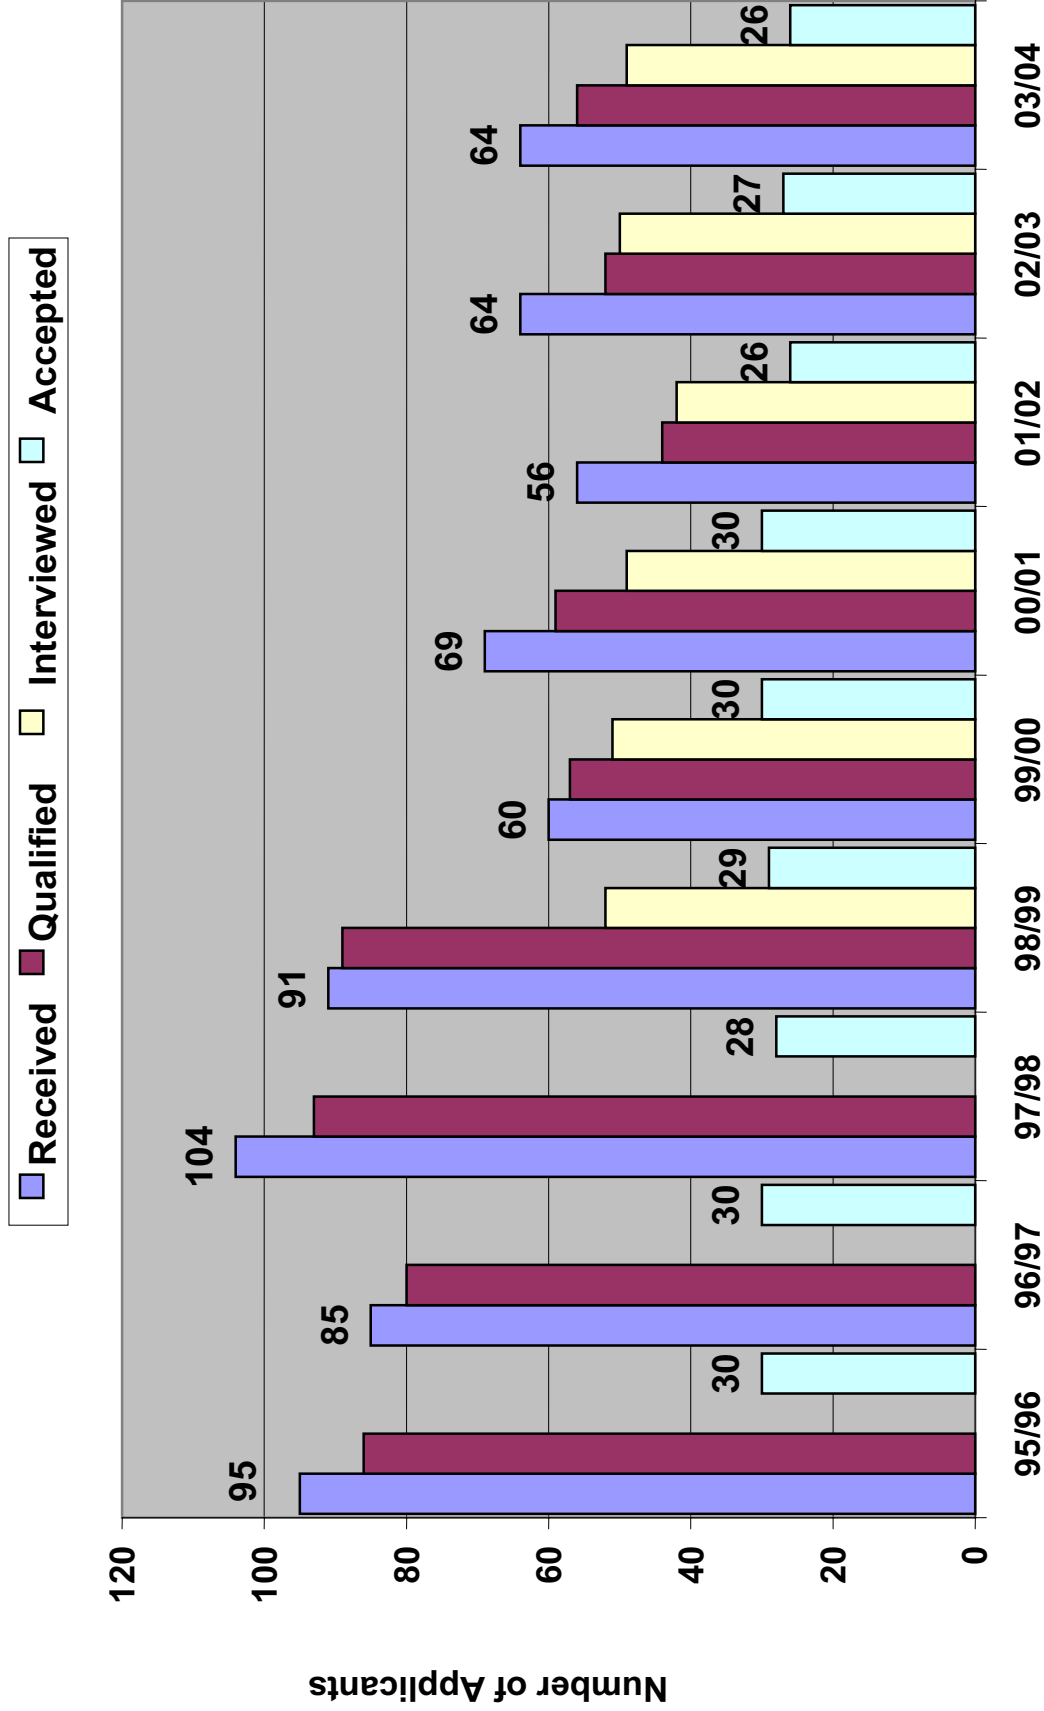

During the 2003-2004 academic year, a total of 1126 patients was seen in the preventive clinic. Of that number 172 were children. A total of 510 pit and fissure sealants were placed and 318 full series radiographs were taken. In the expanded functions clinic, a total of 359 amalgam surfaces was placed and 761 composite surfaces were placed. The combined clinic revenue for preventive and expanded clinic was \$42,830 for the academic year.

Through presentations in the community and clinics held for children, over 1800 individuals were reached.

Clinic sites - ISU Dental Hygiene Clinic and Not-Tsoo-Gah-Nee Indian Health Center

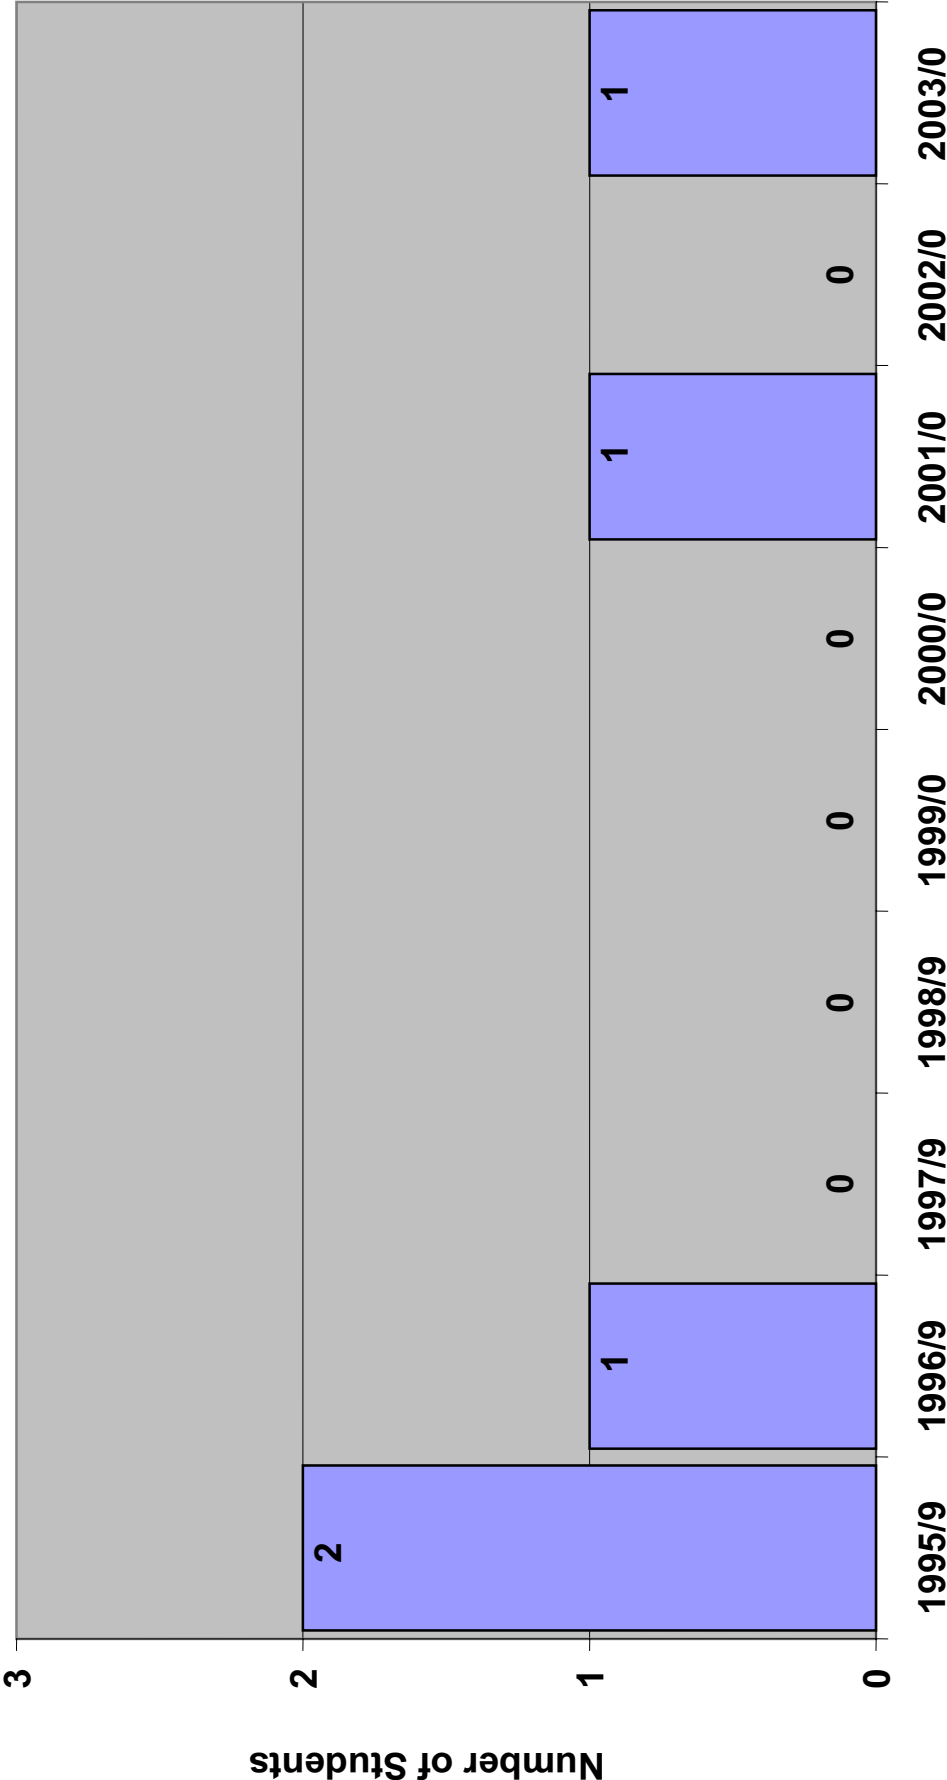

Preceptors at Extramural sites - One dental hygienist and three dentists.

Dean, Jeffrey  
Klingler, Steven  
Lee, Bryan  
Munk, Kris  
Naylor, Brett  
Newton, Joel  
Peterson, Glade  
Polson, Preston  
Sant, Gary  
Sutton, Doug

### **Department Mission Statement**

The Mission of the Department of Dental Sciences, (DDS) is twofold:

The Mission of the Idaho Dental Education Program (IDEP) is to provide Idaho residents with access to a quality dental education and assist in their return to practice in Idaho.

The Mission of the Idaho Advanced General Dentistry Program (IAGD) is to provide an outstanding educational experience employing patient-centered dental services focused on underserved individuals coupled with service to the community and profession. Residents completing the program are expected to advance their knowledge, skills and experience beyond that obtained in the pre-doctoral curriculum and develop a sense of personal responsibility for continued learning and constantly advancing clinical skills while providing caring, competent services to their patients.

### **Accomplished Goals**

The track record of the IDEP students once they reach Creighton continues to demonstrate that the preparation at ISU is superb. In the 2004 graduating class 2 of the 7 IDEP Students were in the top 20% of the class. All IDEP students were in the top three quintiles of the class. Historically more than 40% of the IDEP students have graduated in the top 20% of the class and more than two-thirds of those in practice are practicing in Idaho.

The 2003 Residency program completers are practicing in Astoria, Oregon, Boise, ID, and Pocatello, Idaho. 25% are involved in rural practice and 75% in urban practice either through primary site or secondary site practice locations.

Pharm.D. Residents	Nicole Murdock, Pharm.D. Tracy Pettinger, Pharm.D.

**2. Departmental Mission Statement**

The mission of the Idaho State University Family Practice Residency Program is to provide a collegial learning environment in which residents become mature, competent, compassionate family physicians. The residency will provide comprehensive training in a broad range of practice settings with an emphasis on the care of under-served populations in Idaho and the Intermountain West. The program is committed to clinical excellence, academic productivity, fiscal responsibility, and service to our supporting institutions and the community.

### **3. Accomplished Goals**

The ISU Family Practice Residency Program provides opportunities for residents to train for the full breadth of family medicine, preparing residents to practice in a wide range of settings. The ISU program was established in 1992, and has graduated 45 physicians. Graduates this year include:

<u>Name</u>	<u>Destination</u>
Arthur Curtis Jones, M.D.	Private Practice in Boise, ID
Ligeia Ansong Reinhardt, M.D.	Private Practice in Bonners Ferry, ID
Gary Wayne Soucie, M.D.	Blackfoot Medical Clinic, Blackfoot, ID
Brandi Christine Strong, M.D.	Grants Pass Clinic, Grants Pass, OR
Brandon Arthur West, D.O.	Primary Care Specialists, Pocatello, ID

Twenty three of our 45 graduates have settled in Idaho. The residency employed 16 full-and part-time faculty this year.

The ISU Program received direct support from the State of Idaho, and funding through a variety of grants. The program does not receive Washington State capitalization.

 Hospital: Presentation to Portneuf Medical center Social Workers  
 Assessment of suicidal and parasuicidal behavior  
 Community: Talk to Soroptimist Group at Ramada Inn: Mindfulness as a  
 stress reduction strategy

**Donald Dyer, M.D.**  
 - Residency: OB, OB chart review, OB/GYN series  
 - Hospital: OB peds case discussions  
 - Conference Responsibilities:  
 Recent prenatal and OB case of interest  
 OB a.m. lectures  
 OB/GYN lectures

**Rex W. Force, Pharm.D.**

**Invited Professional Presentations:**

2003 **“Cardiovascular Disease: Why is There a Need For an Evidence-based Approach for Primary Prevention?”** Presented at the American College of Clinical Pharmacy Spring Practice and Research Forum, April, Palm Springs, California.  
 2003 **“Grand Rounds: ALLHAT Clinical Trial Results”** Presented at Pocatello-area Continuing Medical Education conference, March, Pocatello, Idaho.  
 2002 **“Teaching Evidence-based Medicine to Students and Other Health Care Providers”** Presented at the Oregon Society of Health Systems Pharmacists Meeting, October, Portland, Oregon.  
 2002 **“Examining Ethical Interactions with the Pharmaceutical Industry”** Presented at the Oregon Society of Health Systems Pharmacists Meeting, October, Portland, Oregon.  
 2002 **“Collaborative Practice in a Private Physician’s Office”** Presented at the Western Region National Association of Boards of Pharmacy Meeting, October, Couer d’Alene, Idaho.  
 2002 **“Techniques for an Evidence-based Practice”** Presented at the ISU College of Pharmacy Spring CE Meeting, May, Boise, Idaho  
 2002 **“Evidence-based Medicine and Information Mastery: Concepts and Applications”** Presented at the Kentucky Society of Health-system Pharmacists Annual Spring Meeting, May, Lexington, Kentucky.  
 2002 **“Techniques for an Evidence-based Practice”** Presented at the ISU College of Pharmacy Spring CE Meeting, April, Pocatello, Idaho  
 2002 **“Techniques for an Evidence-based Practice”** Presented at the ISU College of Pharmacy Spring CE Meeting, April, Couer d’Alene, Idaho

**Research Presentations:**

2003 **“Hormone replacement therapy utilization in Idaho: a retrospective database analysis of HRT trends in relation to mega-trials and guidelines.”** Poster presented (by Nicole Murdock) at the American College of Clinical Pharmacy Spring Practice and Research Forum, April 2003.  
 2003 **“Use of Survival Analysis to evaluate duration of hormone replacement therapy: influence of mega-trials and guidelines.”** Poster presented (by Nicole

- Murdock) at the American College of Clinical Pharmacy Spring Practice and Research Forum, April 2003.
- 2003 **“The occurrence of new onset diabetes mellitus with single and concurrent atypical antipsychotic therapy.”** Poster presented (by Carie Hatch, Pharm.D.) at the American College of Clinical Pharmacy Spring Practice and Research Forum, April 2003.
- 2003 **“A Medicaid Prior Authorizations Program: The use and cost of antihistamines and nasal steroids.”** Poster presented (by Barbara Novak, Pharm.D.) at the American College of Clinical Pharmacy Spring Practice and Research Forum, April 2003.
- 2002 **“Geographical Information Systems and Drug Utilization: Acute Sinusitis Therapy”** Poster presented (by Julie Wilkinson, Pharm.D.) at the American College of Clinical Pharmacy Annual Meeting, October, Albuquerque, New Mexico
- 2002 **“The Occurrence of New Onset Diabetes Mellitus in Patients Exposed to Atypical Antipsychotics”** Poster presented (by Carie Hatch) at the American College of Clinical Pharmacy Spring Practice and Research Forum, April, Savannah, Georgia.
- 2002 **“Stated Criteria for Statin Selection are Discordant with Drug Choice”** Poster presented (by Julie Wilkinson) at the American College of Clinical Pharmacy Spring Practice and Research Forum, April, Savannah, Georgia.
- 2002 **“Accuracy of the Bayer DCA-2000+ point of care HgA1c device”** Poster presented (by Cara Liday) at the American College of Clinical Pharmacy Spring Practice and Research Forum, April, Savannah, Georgia.
- 2002 **“Oxycontin utilization in a rural western state”** Platform presentation (by Julie Wilkinson) at the Association of Managed Care Pharmacy Annual Meeting, April, Salt Lake City, Utah.
- 2002 **“Implementation and Evaluation of a Pharmacist-managed Asthma Care Clinic in a Family Practice Setting”** Poster presented (by Barb Novak) at the American College of Clinical Pharmacy Spring Practice and Research Forum, April, Savannah, Georgia.

- Mark T. Horrocks, M.D.**
- Residency:
    - Third Trimester Bleeding
    - Premature Rupture of Membranes
    - The Ecology of Medical Practice
    - Venom, Stings, Bites and Things
    - Preventative Medicine – Immunizations
  - Conference Responsibilities:
    - OB Multidisciplinary Rounds two to three/month
    - OB didactics four/year
    - Conferences to cover four competencies (three have been given this year as a start)
    - Member of the OB nurse/FP liaison committee
    - Assist with retreat organization
- Nancy Mann, M.D.**
- Residency Noon conferences
  - Conference Responsibilities:
    - Monthly peds
    - Once weekly newborn
- Bob Rush, M.D.**
- Residency: 12 colposcopy lectures over the last year
  - Conference Responsibilities:
    - Assist with the A.L.S.O. weekend instructions and lectures one weekend per year, usually in August
    - Balint group one-hour sessions twice per month
    - Colposcopy lectures and slide demonstrations, one per month

Develop, implement and maintain a colposcopy and LEEP and cryo curriculum

**Ronald Mark Solbrig, M.D.**

- Residency: Noon conferences
- Hospital: Grand Rounds
- Conference responsibilities:
  - Presentation to Medicine Committee from QA Department
  - Grand Rounds on several dates
  - M & M to residency program
  - Conference planning for the year
  - PA program cardiology, endocrinology lectures

**William M. Woodhouse, M.D.**

- Residency:
  - EBM curriculum with Rex Force
  - End of life care
  - Colorectal cancer screening
  - Alcohol withdrawal
  - Practice management topics with John Hayden
  - Facilitation of numerous M & M conferences
- Hospital:
  - Grand rounds
  - ACLS course director
  - End of life care: Giving Bad News
  - Neonatal resuscitation
- University:
  - Instructor in physician assistant program, GI topics and professional boundary issues
- Community:
  - 'Tar Wars' anti-smoking talk to local fifth grade students
- State/Regional/National:
  - Presentation to medical students at OHSU and University of Utah on how to present themselves in residency interviews
- Conference Responsibilities:
  - EBM curriculum with Rex Force
  - Practice management topics with John Hayden
  - Family practice chief tutorials
  - End of life care with John Dickey
  - Facilitation of morbidity and mortality conferences
  - PA program lectures (2-4 yearly)

**6. Grants**

**Rex W. Force, Pharm.D.**

2003	Co-Investigator: Retrospective Cohort Study of New Imitrex Patients Using Client Specific Pharmacy and Medical Data Intermountain Health Care Health Plan, Inc.	\$15,000
2002-2003	Co-Investigator: Drug Utilization Review in the Idaho State Medicaid Program (renewal) Idaho Department of Health and Human Services	\$283,596
2002-present	Site Principal Investigator: Ongoing Telmisartan Alone and in Combination with Ramipril Global Endpoint Trial (ONTARGET)/ Telmisartan Randomized Assessment Study in ACE Intolerant Subjects with Cardiovascular Disease Trial (TRANSCEND) Boehringer Ingelheim	\$120,000
2002-present	Site Principal Investigator: Ongoing Telmisartan Alone and in Combination with Ramipril Global Endpoint Trial (ONTARGET)/ Telmisartan Randomized Assessment Study in ACE Intolerant Subjects with Cardiovascular Disease Trial (TRANSCEND)Boehringer Ingelheim	\$120,000

**Dave Hachey, Pharm.D.**

Ryan White III Capacity Development Grant – 2004/05 - \$147,000

**Mark T. Horrocks, M.D.**

Part of the Grant just finishing with the Rural Perinatal Clinic. Going to be involved in a new grant for possibly establishing a satellite FP Clinic in American Falls as part of a Health West—Residency joint venture. Possibility of being involved in a grant to help our clinic convert to Electronic Medical Records.

**Nancy Mann, M.D.**

The CHIP and the CATCH grant

**William M. Woodhouse, M.D.**

Ryan White III Capacity Development Grant – 2004/05 - \$147,000

Graduate Training in Primary Care grant proposal prepared and submitted to Health Resources and Services Administration; \$584,113 over three years

Federal Line Item Appropriation proposal to fund an electronic clinical database prepared and incorporated into Telehealth Idaho proposal; \$1,068,884

Continued coordination of Ryan White III funding; \$39,025

Release time support for external funding; \$10,161

Support of clinical research studies in Family Medicine Clinical Research Center: ACCORD, CHARM, BATHE, ALLHAT, etc.

Electronic Medical Records

Multidisciplinary Women’s Health Initiative

**7. Professional Service**

The faculty and residents provide clinical services to the following:

Pocatello Family Medicine Clinic

Southeast Idaho HIV Clinic

Portneuf Medical Center

(ER, ICU, medicine, surgery, obstetrics, pediatrics, TCU and rehabilitation)

Long Term Care:

Portneuf Medical Center

Hillcrest Haven

Bannock County:

Juvenile Detention Center

Prenatal Clinic

Women’s Prison Services

Assisted Living Centers – Multiple

Health West, Inc.:

American Falls

Aberdeen

Lava Hot Springs

Residents staff nearby emergency rooms and urgent care

ISU for Workmen’s Compensation injuries

Pocatello Free Clinic

## **8. Special Accomplishments/Awards**

<b>Jean Bokelmann, M.D.</b>	2003/04 Maternal/Child Care Teaching Award
<b>Martha Buitrago, M.D.</b>	2003/04 Outpatient Teaching Award
<b>Mark T. Horrocks, M.D.</b>	2003/04 Preceptor of the Year Award
<b>Erin Millward, LPN</b>	2003/04 Nursing Recognition Award

### **Faculty**

Professor and Chair C. Wiggins  
Assistant Professor S. McGinnis  
Assistant Professor S. Johnson

### **Mission**

The Department of Health Care Administration provides quality education and lifelong learning opportunities to current and future healthcare leaders in Idaho. We support ISU's mission as the center for education of health professionals in the State of Idaho by maximizing value to our students and stakeholders, and to our state, in the enhancement of the knowledge and ability of healthcare professionals to lead their organizations, to serve their communities and, in turn, to improve the health status of their communities.

### **Learning Goals of the Program**

The Department of Health Care Administration delivers state-of-the-art education to traditional and nontraditional students using a theoretical and programmatic approach. We address emerging industry needs using innovative instructional methods to deliver valid competencies and educational outcomes based on industry's and our constituency's needs.

Specifically, we:

- prepare individuals for entry or mid-level management positions in group practice, ambulatory care, long-term care, hospitals, managed care organizations, and other health-related organizations.
- develop administrative, technical, problem-solving, conceptual, and human relations knowledge and skills that provide the foundation for future healthcare administrators and leaders.
- use industry competency models and current evidence on teaching and learning to provide students the best quality education possible.
- foster practical educational experiences and promote interaction among students, alumni, and mentors in area and regional health organizations.
- work with each student in the program to ensure proper placement and professional development in administrative internships and initial positions assuring an appropriate match between the individual and the healthcare organization.

**Department Mission Statement**

The mission of the Idaho State University Department of Health and Nutrition Sciences is twofold. The primary responsibility is to educate students through didactic and practical experience in the fields of health education, wellness, public health, and nutrition. The goal is to prepare students who will be adaptable and flexible in understanding and interpreting the complex problems and situations encountered by the trained health professional. A second, but no less important function, is to provide ongoing resources, services, and training for citizens at the local, state, regional, and national levels in the areas of health education and nutrition.

**Accomplished Goals**

CADC Grant renewed.

Wellness Lab moved to Gym 110 achieving a space increase and upgrade.

MPH Accreditation Visitation scheduled and preparations completed.

Dietetic Internship in Boise operational.

<sup>1</sup> The IRH shares grants with multiple departments and colleges including Family Medicine, Dental Sciences, Psychology, Hispanic Health Projects in the Anthropology Department, the Idaho Health Sciences Library, and Distance Education. Not all people on the IRH payroll are listed here.

**Idaho Community HealthCorps/AmeriCorps Members:** Joanne Gray, Deb Mitchell, Joe Stahlman, Peter Davis, Elizabeth Pedroza, Leti Pedroza, Sara Smith, Lisa Burt

## **DEPARTMENT MISSION STATEMENT**

The mission of the Institute of Rural Health (IRH) is to improve the health of rural communities in Idaho and the Intermountain Region, as well as throughout the nation and the world through research, education, and service.

## **ACCOMPLISHED GOALS**

### ***Progress towards 2003-2004 goals***

*Goal 1:* Continued diversification of IRH's funding through submission of grant and contract applications for health services research, behavioral health, and information technology channels. In 2003-2004, two new areas of research were initiated. The first was in children's traumatic stress (Stamm) and the second in aging and alcohol (L. Tivis).

*Goal 2:* Expansion of Telehealth Idaho and its use as a Practice-Based Research Network for health services and mental health research for rural, frontier, and tribal populations. The Digital Medical Library, in collaboration with the Idaho Health Sciences Library, expanded dramatically this year. Practice guidelines, full-text journals, and evidence-based protocol information are available to rural and community health center partners.

*Goal 3:* Expansion of research into health care delivery for underserved and minority populations especially American Indian and Alaska Native communities. This goal was addressed with our new award for the National Child Traumatic Stress Network Center for Rural, Frontier, and Tribal Health.

*Goal 4:* Initiation of an Institute of Rural Health Working Paper series designed to facilitate expanded publication efforts of IRH staff members. Substantial progress was made in improving the resources of the IRH to support publication. A part-time professional scientific editor was hired and our support staff was increased in order to help faculty and staff better utilize their time in the production of written materials.

### ***2004-2005 Goals***

Beyond the obvious goal of securing continued extramural funding, the key goal for the IRH this year is its reorganization. As a result of 10-fold growth in the past half-decade, our internal operations are in need of major interventions to support our external capacity.

*Goal 1:* Secure funding for IRH concentrating on (a) focusing our grant portfolio to maximize the skills and abilities represented by the IRH faculty and staff, and (b) continuing to pursue increased state support of the IRH.

*Goal 2:* Administrative reorganization of the IRH to accommodate its increased size including (a) hiring a new director (b) hiring a new research administrator to oversee internal operations (c) reorganize the finance team including hiring a new, higher-level finance team leader (d) reorganize the administrative support team including hiring a new, higher-level administrative support team leader (d) reorganize departmental governance to increase faculty and staff

participation and reduce administrative “log jams,” (e) increase the number of scientifically trained faculty and staff.

## **COMMITTEE MEMBERSHIPS**

### **Departmental**

Search Committees (Bodily-Roan, Cunningham, Piland, Spearman, Shiosaki, Stamm, Tivis)

### **College**

Kasiska College of Health Professions Faculty Advisory Committee (KCHPFAC) (Cellucci)

**DEPT. MISSION STATEMENT**

The Department of Nursing is committed to excellence in teaching, research, and practice to provide quality nursing education for beginning professional practitioners and for advanced practice nurses statewide. To accomplish this mission, faculty members support a liberal arts education to provide the foundation for the areas, humanities, and science of nursing. The faculty incorporates creativity in the teaching-learning progress and continuous quality improvement in curriculum and program development. The goal of the Department of Nursing is to develop professional and advanced practice nurses with broad based knowledge and experience to facilitate or to deliver holistic health care to clients over the lifespan and to communities with an emphasis on underserved areas.

**ARVIDSON, C.** PhD, RN, CFNP, Associate Professor  
*Departmental* – Graduate Committee, Faculty Affairs  
*College* – Clinical Promotion & Tenure Committee  
*University* – Technology Mediated Instruction Initiative

**No Professional Presentations.**

1. Faculty

Associate Professor and Chairperson, John M. Schroeder, JD, PA-C  
Medical Director and Assistant Professor, David McClusky, II, M.D.  
Assistant Professor, Clinical Coordinator, Paula Phelps, MHE, PA-C  
Assistant Professor, Academic Coordinator, Kent Whitaker, M.Ed., PA-C  
Clinical Assistant Professor, Terri Jones, MPAS, PA-C  
Clinical Assistant Professor, David Martin, MPAS, PA-C  
Assistant Professor, Corbin Bunnage, MS, PA-C  
Service Learning Coordinator, Julie Scott, PA-C  
Director of Pharmacy Clinical Services, Dr. David Hachey  
Humanities Director, John Dickey, Ph.D.

2. Department Mission Statement

The mission of the Idaho State University Physician Assistant Program is to:

**Curriculum:**

Provide a quality graduate medical education that emphasizes critical thinking and problem solving, is technologically enhanced, research oriented, and evidence-based, with strength in both the basic and clinical medical sciences.

**Students:**

Seek a culturally, ethnically, and socially diverse student body which will demonstrate the finest attributes of professional health care practitioners, including intellectual curiosity, insight, maturity, ethical behavior, critical thinking, empathy, strong interpersonal skills, a service orientation, and a commitment to evidence-based practice, research and life-long learning.

**Faculty:**

Employ, develop and maintain outstanding faculty who are appropriate in expertise and number to the needs of the program, represent the diversity of the nation, are student-centered and committed to the educational needs of the students as well as excellence in teaching, scholarly research, service, and continuing clinical competence.

**Affiliations:**

Establish and maintain, for the educational benefit of program students, clinical, educational, and other relationships with the medical community and other individuals and organizations that seek to enhance health care to rural and other medically underserved populations of the State, region, and beyond.

**Service:**

Nurture in students sensitivity to the needs of others and a desire and willingness to provide service of the highest quality, in the most caring manner, to all people, especially to those individuals and groups that are medically underserved, regardless of biological,

social, political, economic, religious, or other status.

### 3. Accomplished Goals from 2003-2004

- Continue development and implementation of on-line program content in academic and clinical years: accomplished. We have on-line content for every PA course/module. We have purchased and published on-line materials that complement every module.
- Evaluate and improve the academic year curriculum: accomplished. As part of the re-accreditation and self-study we evaluated every course/module, overall impact of the academic year, graduate data regarding the academic year, NCCPA test results, and student satisfaction with the academic year. We formulated a plan for improvement and are implementing that plan.
- Develop database components for administrative, academic and clinical components of program: accomplished.
- Increase faculty by 1 FTE: accomplished. We hired Dave Martin (1 FTE), Julie Scott (0.5 FTE), and are in the process of interviewing for an additional 1 FTE.
- Re-write clinical year student manual: accomplished.
- Undergo complete self-study for accreditation: accomplished.
- Undergo a successful re-accreditation by ARC-PA: accomplished. We received a five year re-accreditation, extending by two years over our previous accreditation.

The ISU P A Program is a member of the Association of Physician Assistant Programs (APAP). Each of the faculty is a fellow member of the Idaho Academy of Physician Assistants (IAPA) and of the American Academy of Physician Assistants (AAPA).

9. Goals for 2004-2005

- Focus on improving the didactic year
  - Improve timing and notification of class/lecture scheduling
  - Improve testing and evaluations

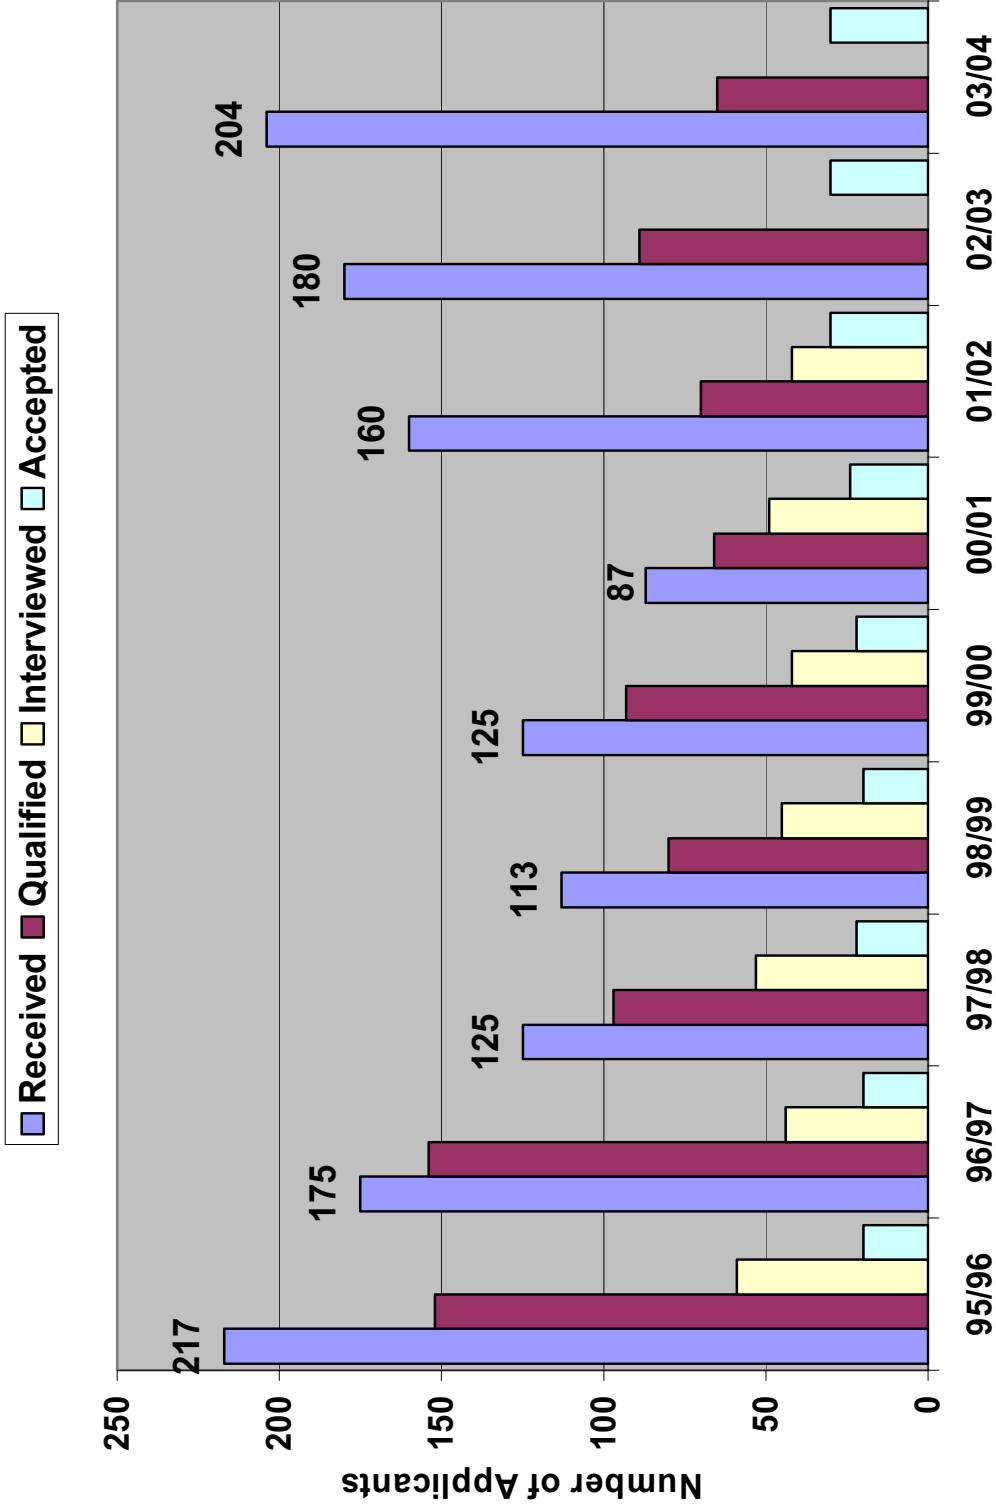

- Code/categorize all question
- Correlate test questions with objectives and textbooks
- Evaluate grading criteria
- Consider digitalizing lectures and posting on-line
- Update WebCT for the clinical year
- Identify diversity clinical sites (grant)
- Attempt to decrease student stress in the didactic year
- Implement diversity curriculum in the didactic year (grant)

**2. Department Mission Statement**

The educational mission of the Department of Physical and Occupational Therapy is to develop graduate students in respective clinical health care professions who are able to competently assume roles as entry level practitioners in both rural and urban practice settings under the ever changing health delivery system in Idaho and elsewhere. Inclusive of the mission, the departmental faculty are focused on providing an excellent learning environment for students through the development of a cohesive interdisciplinary curriculum, the pursuit of research and scholarly activity, encouraging diversity in student learning experiences, emulating ethical professional conduct, and being instrumental in the dissemination of current concepts and skills to the clinical and professional community in the state and region.

**3. Accomplished Goals for 2003-2004**

Program development:

1. Initial development of Transitional DPT program.
2. Continued accreditation of the Occupational Therapy program by the Accreditation Commission on Occupational Therapy Education. Program Director change to Dr. Howell.
3. Increased OT program enrollment to 8 students.
4. Limited progress on Program CD.
5. Completed Biannual CAPTE report and Progress report for continued DPT program accreditation.

Faculty Development:

1. Successfully hired Kevin Helgeson, DHSc, PT, SCS to replace Kathy Alexander position.
2. Hired Corwin Sutherlin to OT GTA position to assist in pediatrics
3. Completed transition for Shari Tayar OT faculty to .75 position.
4. Successful promotion and tenure of Dr. Dana Howell and Professor Jim Creelman

Facility and Clinical Development:

1. Began implementation of the Vestibular evaluation and Balance Rehabilitation Clinic with Audiology group.
2. Procured additional power point projectors for two labs.

**4. Committee Memberships**

Departmental Standing and Ad Hoc Committees:

**Assistant Professor:** Dan Hobbs

**Instructor:** Wendy Mickelsen

**II. Departmental Mission Statement**

The mission or purpose of the Radiographic Science Program at Idaho State University is to provide education in radiographic science to residents of Idaho and elsewhere that will prepare those students for certification by the American Registry of Radiologic Technologists (ARRT) and subsequent employment in the healthcare industry as a radiographer.

**III. Accomplished Goals**

The program has continued to recruit excellent students and the number of applicants increased 7% from 2003. 2003 graduates averaged 85.7 on the ARRT certification examination compared to a national average of 83%. Francis completed a sabbatical during the spring semester.
