Accreditation

Idaho State University is fully accredited by the Northwest Commission on Colleges and Universities (NWCCU).

Admissions Procedures

Admission to the Radiographic Science Program is competitive. Students will be evaluated using grades in pre-professional courses, and overall grade point average. A minimum grade point average of 2.25 is required. Procedures for admission to the program include:

1. Complete procedures for admission to the university.
2. Complete and return the radiographic science application form & \$30 fee.
3. Complete the necessary prerequisite course work.
4. Submit transcripts of all college and/or university courses completed.

Application Deadline

The above admission procedures must be completed and submitted to the Department of Radiographic Science prior to **February 15**, of the year the student is seeking admission. The first professional year begins during the Fall semester.

Certification

Graduates of the associate or bachelor degree program in radiographic science at ISU are eligible to sit for the national certification examination sponsored by the American Registry of Radiologic Technologists (ARRT).

Degree Programs

The radiographic science program at ISU offers both an associate and a bachelor's degree option.
