Policy Agreement

You must read and sign this policy agreement before a tutor will be assigned to you.

1. The Math Center will provide 2 hours per week of one on one tutoring for a student athlete. This tutoring will be scheduled on a regular basis.
2. Math tutoring will be provided to those student athletes who are sincere about working with tutors to improve themselves academically. Because the tutor's time is very valuable, you must call ext. 3662 to cancel your appointment if you cannot be there. *Two no shows will allow your time slot to be claimed by another athlete.*
3. Math Center tutors will help you to understand and apply mathematical concepts; they will not do your work for you. Tutors will help you find your mistakes and suggest how you can make improvements, but they will not correct your work **for** you.
4. You will need to bring your textbook, notes, and work to your tutoring sessions. Come prepared with questions. Don't expect the tutor to teach the course to you; that is your instructor's job.
5. The Math Center is happy to work with the Athletic Department to make your academic experience a successful one.

I have read and agree to abide by these policies.
