Billing Policy

We bill all major insurance companies. We recommend a physician's referral or prescription for services. Medicaid patients are required to have a physician's referral and possibly a Healthy Connection. All co-pays and co-insurance will be collected at the time of service. If you do not have insurance and have limited financial resources, you may be able to qualify for a discount. If you qualify for a fee reduction, a partial payment may be due at the time of service. At a minimum, payments must be made monthly. All fees must be paid in full by the end of the Semester to be eligible for continued services. Accounts past due more than 90 days will be sent to collections and any cash discounts applied will be removed and you will be responsible for regular therapy pricing.

Consent

I authorize Idaho State University to release information necessary to process insurance claims on my behalf. I understand that I am responsible for all charges regardless of insurance and understand the billing policy as stated above. I also understand that supervised graduate students may participate in the evaluation and treatment of the patient as part of their educational program, and hold ISU harmless for any incident related to this treatment.
