The purpose of this resolution is to support a statement on sexual harassment issued by the Idaho State University chapters of the American Federation of Teachers and the American Association of University Professors.

WHEREAS: The Idaho State University chapters of the American Federation of Teachers and the American Association of University Professors have issued the following statement:

Sexual harassment is a serious violation of civil rights that threatens the safety and well-being of students and employees of the university. While it is incumbent upon the university to ensure due process for those accused of such harassment, it is also imperative that there be no retaliation against those who report incidents of sexual harassment. Such retaliation has a chilling effect on the educational environment at the university. We stand for fair and just treatment of all members of the Idaho State University community.

WHEREAS: These values echo what ASISU stands for.

BE IT THEREFORE RESOLVED: That we, the Student Senate, support and encourage the assertions of this statement.
