**OLD BUSINESS**

**NEW BUSINESS**

Nepalese Night - Kiran Pandey, President of the Nepalese Student Association- The Nepalese Student Association is holding their annual party on February 16. Adhair Bhattarai, treasurer of the Nepalese Student Association- They participate in events on campus and travel to Pocatello schools. Last year, their organization accomplished a variety of things. They hosted Nepalese Night, helped with the Hometown Hero Medal ceremony, promoted Nepalese culture on and off campus, and participated in sports events. This year, they are expecting more than 500 students to attend Nepalese Night and because of this, they are asking for donations from ASISU. Senator Kinzel asked if they have a record of how many people attended in the past. Kiran- Last year the number was 443. Senator Kissoon asked if they've done any fundraising. Kiran- They have been asking departments. Vice President Sargeant asked how much they have raised so far. Adhair- \$750 besides membership fees. Vice President Sargeant asked how much it costs annually. Adhair- \$4,000. Senator Kinzel asked what the money goes towards. Kiran- Last year it cost \$2,200 for food. The rest goes towards homemade costumes and decorations. Senator Stock asked if they have been in contact with any businesses. Adhair- Yes, Farm Bureau and the ICCU bank. Senator Breuker- Last year she fundraised a couple thousand dollars for a lunch just by asking all over town. She recommended that Nepalese Student Association do that as well. Senator Kissoon asked what dollar amount they want from ASISU. Kiran- Last year, ASISU donated \$200 but they need more this year. Senator Kinzel asked how they will make up for more donations. Kiran- There is an entry fee that goes towards the event. Vice President Sargeant – Next week during Caucus, ASISU will discuss a dollar amount that they would be willing to donate. Kiran and Adhair are welcome to come back to hear the how the senate will respond to their request.

**GALLERY QUESTION AND ANSWER**

Ritesh Yadav and Rituraj Yadav- They are looking for help to fund TEDX-ISU for Fall 2019. This project will

be a defining event for the new generation and all the members of ASISU have resources and experience to give to this project. They are in need of fundraising and marketing from each college. Rituraj- They are coming to Senate to ask for funds because without funds, they cannot make this project happen. Their desire is for everyone to come together to help with this project and make it a big event. Senator Dhakal asked when they are planning on doing the event. Ritesh- Early fall of 2019. Applications will open in February. Senator Lozano- By that time there will be new senators. She asked if they would like to revisit this request when the senators are in office. Rituraj- They want to work with anybody who has the drive and energy to take this event to a new height. Vice President Sargeant asked if they have local people to come present. Ritesh- Their priority is to take ideas from campus and create diversity. There will be slots for the community and students. Vice President Sargeant- One concern he has is that since it is representing ISU, it would not be good to have a racist person give a speech at ISU. Their first step should be to talk to Student Affairs. In the future, this may be something that ASISU will support it but it is necessary that they take the required steps before coming to ASISU. Rituraj- University experts will be picking the topics, not the students. Senator Kissoon- He tried to pull something off like this when he was a freshman and it was a nightmare. Ritesh- Yes, the application took about three weeks to complete. Senator Kinzel yielded the time to President Schmidt. President Schmidt asked if they have collaborated with ISU at all. Rituraj- They are working with ASISU, they will approach Student Affairs, and they will collaborate with other colleges. President Schmidt- This is a great idea and perhaps ASISU can work on it in the future. Rituraj- They have carefully selected team members who would be reliable and drive it forward.
