2. Project Nur was presented as a club- This national organization, founded in August 2007, is spreading throughout campuses in America. They focus on justice, building understanding, and striving to diminish stereotypes. Christa White- Thanked ASISU for the work they do behind the

scenes in making campus and student life better. In Arabic, nur means “light” and that is what Muslims stand for. Because of a past event that occurred at ISU, many Muslims left ISU but they want to fix that. To better understand this mission and how to help, Christa is traveling to Washington DC for training. Scholarship prizes will be awarded to clubs who get involved and a dinner will be held to raise money. They also plan to collaborate with the interfaith community organization. Senator Alvarez- This will be an awesome club and she is willing to help. Senator Kisson- This issue needs to be addressed and resolved so he is happy to see a club do that. Senator Marshall asked what the diversity looks like within the club. Christa- There will be a variety of club leadership and members with a special effort to include Muslims. **MOVE TO APPROVE PROJECT NUR.** Marshall/Kisson. Roll call.

3. Wrong Fitment Car Club was presented as a club. Derek Stakar and Nicholas Moor- Their goal is to build friendships and have fun with other students. Currently, they have 16 members and hope to gain more. They plan to detail cars for a fundraiser, have car shows, cultivate an interest in cars, and promote learning. Senator Lozano- This would be a great resource for students. She asked if their club has a place to meet and fix cars. Derek- They were granted permission to use ISU’s car facilities. Senator Alvarez asked what their meetings will be like. Derek- For the first meeting, they will discuss what they want to see out of this club and their goals. They will do a variety of activities involving fixing cars and car shows. Senator Stock asked if members will be required to pay a registration fee. Derek- There will be about a \$15 fee if they want a t-shirt but otherwise, membership is free as well as free consultations. Senator Kay- During a tour he was giving, someone asked about car services on campus so he is excited to tell people about this club. However, he is worried that students will take advantage of it. Derek-The club will just focus on advising students, not buying them new transmissions or anything. Senator Kisson- He loves this concept because clubs don’t always need to have giant events in order to be successful. **MOVE TO APPROVE WRONG FITMENT CAR CLUB.** Kinzel/Dhakal. Roll call.
