Textbooks and Other Required Materials

To see a listing of the required materials for each course:

Each course in the Class Schedule includes a link entitled View Book Information.

The link connects to the ISU Bookstore and identifies all required and recommended materials for all sections of a course. Required and recommended material may be in the form of a textbook, a CD, or software. The link includes information such as the availability, the cost, new, used, and rental options.

After adding courses in the Add or Drop Classes page, students may click on Return to Menu.

See the Buy Pocatello Books or Buy Idaho Falls Books links that will display all required materials for each registered course.

Registration

Students may order materials online for delivery or pick-up, or they may go to the ISU Bookstore and buy materials in-person.

Course materials are not required to be posted to the ISU Bookstore website until 2 weeks prior to the beginning of each semester. You may find that some materials are posted much sooner. If you follow the above instructions and the materials are not yet posted for a particular class, you can request that the library emails you when the materials become available.

If you choose to purchase the course materials, the ISU Bookstore may offer to buy your textbooks during the BUYBACK period after finals week, depending on the quality of those materials.
If you choose to rent the course materials, they must be returned to the ISU Bookstore in nearly the same condition as you received them. Return dates for those materials are generally immediately after finals week.
