STEM Academy offered by onsemi

JUNE 24 - 28, 2024
9 AM - 3 PM

IDAHO STATE UNIVERSITY
COLLEGE OF EDUCATION

Middle and high school students, age 10 - 18 with autism, are invited to join the Idaho State University College of Education for a **FREE, hands-on STEM summer camp**. This camp is offered thanks to grant from the ON Semiconductor Foundation, a Giving Now program at onsemi.

Participants will take part in science, technology, engineering, and mathematics (STEM) based projects that may include:

- 2D and 3D Printing
- Robotics and coding
- Bacteria research and prevention
- Invasive plant data collection
- and more!

SPOTS ARE LIMITED.

RSVP TODAY!
