Description:
Linking The Learning For Kids (Gr 4-7)
If Domino Math Games: Connecting The Dots For Kids excited your K – 3 students about math class, then Domino Math Games: Linking the Learning can continue the fun for Grades 4 – 7. Like its partner book, it’s printed in a large format that’s easy to read. The games inside use double-six dominoes to teach all operations, place value, fractions, problem solving and more!
