# Plans & Goals for the Coming Year

- ***Get to know and listen to faculty and students...***
  - *What is going well?*
  - *What are the roadblocks contributing to success in faculty development, research productivity, grant funding, innovation, etc.*
  - *Work to streamline and create clear processes and procedures.*

# Plans & Goals for the Coming Year

- ***Meet/work with faculty who participated on the COH promotion committees*** *(and others who are interested)*
  - *Further develop COH promotion timelines, rubrics, and policies.*
  - *New deadline for promotion reviews from the Depts/Program review committees and Dept Chair/Prog Director to the COH Committees*
    - **November 11, 2022**

# Plans & Goals for the Coming Year

- ***Ensure faculty and students have access to key resources and communication with our partners***
  - *ISU Office of Research*
  - *Assess what role the Idaho Center for Health Research (ICHR) plays*
  - *Are we taking full advantage of our MW CTR-IN affiliations?*

# Plans & Goals for the Coming Year

- *Explore faculty development and mentoring programs and activities*
- *Explore “core” facility and other funding mechanisms and interdisciplinary opportunities to support research activities and infrastructure*
- *Evaluate the evolving role, needs and resources to support the interdisciplinary PhD program (PT, OT, CSD)*
