Biological Sciences Laboratory Instruction

Regardless of a student's future pursuits in the field of biological sciences, the introduction to biological processes and protocols in a laboratory setting can only expand a student's view of the world. The effective implementation of laboratories is necessary if students are to acquire a basic foundation in the biological sciences and a broad worldview.

COVID-19 FAQs for Lab

My computer/ laptop/ tablet is not working. What do I do?

Please contact [Information Technology Services \(ITS\)](#) at (208) 282-HELP or HELP@isu.edu

How do I access the internet?

Contact an internet service provider. With the increased demand we are all going to be putting on our local Internet Service Providers (ISPs), we know that many users (faculty and students) may have slow access from home. ISU is planning to make the parking lot in the PSUB as well as the parking lot around Holt Arena WIFI hotspots available for drive up Internet/WIFI.

I have questions about the closure. What is closed?

Call (208) 282-4636 (INFO).

Can I still receive help from the Student Success Center?

Yes, the [Student Success Center](#) will have sessions available via video conferencing appointments.

University Communications:

Governor's Stay-at-Home Order: [Faculty/Staff](#) & [Students](#)

Adjunct, GTA, and CPI instructor contracts are 18 weeks long; summer session teaching appointments are 4 to 8 weeks long. It is contractually expected that instructors; teach all the labs they are on contract for, grade all assignments, attend instructor meetings, proctor exams, and attend 208 tutoring/office hours.

Teaching Schedules Spring 2020

Teaching appointments **begin January 6 and end May 7**, and include the 15 weeks of classes, the week before classes begin, spring break, and finals week. Beginning the 3rd week of classes, [Lab Instructor Tutoring & Office Hours](#) must be held in LS 208 (Pocatello) each week except for spring break and finals week.
