Laboratory Instruction

Regardless of a student's future pursuits in the field of biology, the introduction to biological processes and protocols in a laboratory setting can only expand a student's view of the world. Therefore, the effective implementation of introductory biology laboratories (BIOL 1100L, 1101L, & 1102L) at ISU is necessary if students are to acquire a basic foundation in biology and a broad worldview.

Teaching Schedules Summer 2017

[1100L](#) | [1101L](#) | [Past](#)

Teaching appointments are **4 (1100L) or 6 (1101L) weeks long**. These appointments include teaching the lab section that you are assigned to teach and attending instructor meetings. During the meeting instructors will complete the lab exercise, clean up/set up the lab, and discuss grading.
