

Biological Sciences Career Development 2019 Spring Series

GAIN USEFUL SKILLS NOT AVAILABLE IN THE CLASSROOM

PREPARE TO PURSUE CAREER GOALS AFTER GRADUATION

INTERACT WITH FACULTY AND STUDENTS IN A CASUAL SETTING

ASK ABOUT WHICH CLASSES TO TAKE AND RESEARCH OPPORTUNITIES

SPEED NETWORKING

JANUARY 15 @ NOON

REND ABC SUITES

Get to know us! Join faculty and fellow students in a series of ten-minute casual roundtable conversations. Meet faculty and ask questions about everything from career plans to work/life balance.

WRITING EFFECTIVE RESUMES AND CV'S

FEBRUARY 12 @ NOON

LC 15/17

Learn how to communicate your relevant competencies and accomplishments in a well-organized manner. Bring or submit resumes for review.

SELF-ASSESSMENT

MARCH 12 @ NOON

LC 15/17

Do you know where you want to go after graduation? Are you acquiring the skills to get there? You'll get tools to evaluate your work, identify any skill gaps, help you focus on skill areas to develop, set realistic goals, and track progress in your career path.

CAREER PANEL DISCUSSION

APRIL 9 @ NOON

REND ABC SUITES

Ask our panel of diverse biological sciences professionals questions about what their fields are like, what they love about their jobs, and advice they have to help you achieve your career goals.
