

## What's Happening in CoSE

### CAES Codebreaker: Highlighting advanced reactors, workforce training at ISU

Professor Amir Ali will discuss advanced reactors at the CAES Codebreaker webinar on April 7 at 3:30 pm MT.

In his presentation, Ali will discuss recent efforts to develop efficient and compact heat exchanger technology for advanced reactors and the use of surface wettability to predict Critical Heat Flux, a safety limit for Light Water Reactors for multiple Accident Tolerant Fuel claddings.

## Help Us Share Your Accomplishments!

Our College's outstanding faculty, staff, and students achieve many notable research and professional accomplishments. In addition, our departments regularly have newsworthy advancements. We want to make sure those stories are shared publicly. Here are a few ways you can provide a news tip to help get the word out:

Use this [Story Submission Form](#) to send your news tip to the Office of Marketing and Communications.

Send an email to Logan McDougall ([loganmcdougall@isu.edu](mailto:loganmcdougall@isu.edu)) with a brief description of the news to be shared.

You are always welcome to create a draft story, submit it via the [Story Submission Form](#), or send it to Logan. The Office of Marketing and Communications and Logan will coordinate to get the story finalized and distributed to the media outlets/platforms that best tell the story.

## Native American Student Services to Host Women's History Month Panel Discussion

Native American Student Services will host a panel discussion on March 30 as part of National Women's History Month.

The panel discussion "**Advancing Native American Women in the Business World**" will be moderated by Sonia Martinez, STEM Diversity and Outreach Coordinator, on Wednesday, March 30, 1 to 2:30 p.m. in Rendezvous Suite ABC.

## Employee Appreciation Week Starts Monday

To celebrate and recognize the University's dedicated faculty and staff, a number of **virtual and in-person activities and events have been planned** for Employee Appreciation Week. From professional development workshops to an ice cream social, the activities focus on recognizing Idaho State's employees.

## History Professor Publishes Book about the Impact of Nuclear Weapons; Public Talk Planned

Dr. Sarah Robey, Assistant Professor of History at Idaho State University, recently published her book with Cornell University Press.

**Atomic Americans: Citizens in a Nuclear State** tells the story of how Americans adjusted to a world transformed by nuclear weapons. Faced with the constant specter of nuclear attack, Americans did so much more than duck and cover under elementary school desks in the decades after World War II.

## Idaho State College of Business Program Pairs Students and Community Members for Free Tax Assistance

The VITA program offers **free tax preparation to anyone with a yearly household income of \$57,000 per year or less**. Community members can simply walk in on March 31 or April 7 from 5 - 9 p.m. at the University in the Rendezvous Complex Room 213, located on Martin Luther King Way in Pocatello.

## Be the Match Event Set March 29

The University Honors Program is hosting a **Be The Match® event on Tuesday March 29 from 6 p.m. to 8 p.m.** in the Wood River Room in the SUB, in honor of their late fellow student, Elyse Prow.

For patients diagnosed with leukemia, lymphoma, and other life-threatening diseases, a bone marrow or cord blood transplant may be their best or only hope for a cure. Yet 70 percent of patients who need a transplant do not have a fully matched donor in their family. They depend on organizations like Be The Match® and their supporters to find a match to save their life.

## Vice President for Research Campus Forums Set

The **entire campus community is invited** to attend a series of virtual open forums to learn about each finalist's experience and leadership. All members of the University community are also invited to share their feedback about each candidate through the close of business on Friday, April 10.

## Dates to Remember

April 25	Late 8-week and full semester course grading opens
May 2 - 6	Final Examinations
May 6	Spring 2022 classes end

May 7	Commencement (May & August 2022 graduates)
May 10	Late 8-week and full semester course grading closes at 5:00 pm
May 16	Classes begin for Early-4, Early-6, Early-8 and Full term
May 30	Memorial Day holiday (Monday - no classes)

## Upcoming Events in the College of Science and Engineering

For a complete list of CoSE events, check out the [College Event Calendar](#) and click an event to get more details. Updates can also be found on [Facebook](#), [Twitter](#), [LinkedIn](#), and [Instagram](#). To add events to the calendar, please contact the Administrative Assistants in your department. The university-wide calendar of events is available [here](#).

### Mar. 27 - April 2

<b>Department/Program</b>
Physics
<b>Event</b>
Colloquium: Dr. Dylan Yost Colorado State University Topic TBD
