

Welcome Back!

As the Fall semester begins and we take on the challenges arising from this unique time, we wish our students, faculty and staff a safe, healthy and happy semester.

The start of a new semester also marks the beginning of department symposiums, colloquiums and seminars. All are invited to join these events, many of which will have options for virtual participation. Please check the details for each event as some Zoom meetings will require contacting departments to get meeting information.

For a list of CoSE events, check out the [College Event Calendar](#). Click an event to get more details. Updates can also be found on Facebook, Twitter and Instagram @IdahoStateUCoSE. To add events to the calendar, please contact the administrative assistant in your department.

August 24 - September 11, 2020
