## CoSE in the News

[Idaho State Professor Helps Measure Size of Calcium-48 Nucleus to Accuracy of 25 Billionths of a Nanometer](#)

## Help Us Share Your Accomplishments!

The outstanding faculty, staff, and students in our college achieve many notable research and professional accomplishments. In addition, our departments regularly have newsworthy advancements. We want to make sure those stories are shared publicly. Here are a few ways you can provide a news tip to help get the word out.

1. Use this [Story Submission Form](#) to send your news tip to the Office of Marketing and Communications.
2. Send an email to Logan McDougall ([loganmcdougall@isu.edu](mailto:loganmcdougall@isu.edu)) with a brief description of the news to be shared.
3. You are always welcome to create a draft story and submit it via the [Story Submission Form](#) or send it to Logan. The Office of Marketing and Communications and Logan will coordinate to get the story finalized and distributed to the media outlets/platforms that best tell the story.

---
