Getting Started in Pocatello

1. **Purchase a license from Hawkes Learning Systems (HLS).** If you took Math 1108 during or after Fall 2014, then use the same account. If you took Math 1108 before Fall 2014, you must purchase a new license.

   If you are taking Math 1108 for the first time, you can get your personalized access using one of the two following methods:

   **Method 1:**
   a) Purchase a new Math 1108 courseware packet at the campus or off-campus bookstore. The packet, *Introductory & Intermediate Algebra* by HLS, consists of a lifetime license that allows you to use the courseware and e-book, and any new version of it. Safeguard the card with the license number. **WARNING:** If you unwrap the packet, you cannot return it for a refund.
   b) With the license number, go to the Hawkes Learning Systems web site at [http://www.hawkeslearning.com](http://www.hawkeslearning.com). Click the tab Student Sign-In (Upper Right), and then click the tab Create an Account. Select I have an Access Code or License Number. Complete the required information carefully. Call Hawkes Learning Systems at (843) 571-2825 or use their 24/7 Live Chat or send a Support Request at [http://www.hawkeslearning.com/Support/SupportRequest.aspx](http://www.hawkeslearning.com/Support/SupportRequest.aspx) if you encounter a problem.

   **Method 2:** Purchase your Math 1108 courseware packet online by using Visa or MasterCard. The packet, *Introductory & Intermediate Algebra* by HLS, consists of a lifetime license that allows you to use the courseware and e-book, and any new version of it. To purchase your access code online, go to the Hawkes Learning Systems web site at [http://www.hawkeslearning.com](http://www.hawkeslearning.com). Click the tab Student Sign-In (Upper Right), and then click the tab Create an Account. Select I want to Purchase Access. Complete the required information carefully. You will need your access code in Step 4. Call Hawkes Learning Systems at (843) 571-2825 or use their 24/7 Live Chat or send a Support Request at [http://www.hawkeslearning.com/Support/SupportRequest.aspx](http://www.hawkeslearning.com/Support/SupportRequest.aspx) if you encounter a problem.  

   **Note:** Access Codes from Hawkes Learning Systems are not transferrable. 
   **Note:** You can get **Temporary Access** (20 days) by following **Method 2** above but selecting I want to request Temporary Access.

2. **Enroll in the gradebook.** To enroll in your instructor’s gradebook: log into the Hawkes courseware, and then click Enroll and follow instructions.

3. **Enroll in the scheduler.** To enroll in the scheduler: from Hawkes courseware, click on View Course, then Schedule A Test. Click on “Create an Account”, and follow the instructions. Only ISU emails will be approved. (You can access the scheduler directly using [scheduling.math.isu.edu](http://scheduling.math.isu.edu)).

   Good job! You are now ready to learn and ready to schedule your tests!
