Dear College of Technology Student,

Congratulations on your decision to pursue your education at the Idaho State University College of Technology. On behalf of all faculty, staff, and administration, I want to take this opportunity to personally extend a warm welcome. The College of Technology is one of seven colleges on the ISU campus designed to meet the needs of students—like you.

I am pleased to see that you made the decision to join the largest, most comprehensive postsecondary technical institution in the state of Idaho. You now belong to a college that boasts an alumni base of more than 25,000. For more than 100 years, students have graduated from Idaho State University with the technical skills necessary to successfully enter the workforce. I am confident that you will also be well prepared by our faculty to pursue your passion and have an enjoyable lifetime career.

Amid the excitement of enrolling at ISU, you probably have many questions. This student handbook has been prepared for your use and contains the answers to many of your questions. If you would like additional information, please contact your faculty or Student Services directly. We are all here to help you succeed in your studies and stand prepared to assist with your concerns.

Once again, welcome to the College of Technology.

Go Bengals!

R. Scott Rasmussen
Dean
II.
PROGRAM INTRODUCTION

This handbook is designed to provide information and serve as a resource for most questions and school situations you may encounter as a student in the Pharmacy Technology program. The information provided in this handbook is meant to supplement that provided in the Idaho State University Bulletin and Official Student Code of Conduct.

PROGRAM ADMINISTRATION

The Pharmacy Technology program is operated by the College of Technology, Idaho State University. The program works in cooperation with the Idaho State Board for Professional Technical Education and is approved by the State Board of Education.

COLLEGE OF TECHNOLOGY

Dean: R. Scott Rasmussen
Associate Dean: Debbie Ronneburg
Health Occupations Dept Chair: Paul Peterson
Program Instructors/Coordinator: Wesley Usyak
Program Advisor: Tiffany Elsberry

All students are directly responsible to the instructors first. Details regarding program procedures will be covered and a question answered during orientation at the beginning of the program or as the need arises. Problems of any nature will first be brought to the attention of the instructors and program coordinator. They will seek assistance for a student problem. If a student feels a need for conference with someone other than an instructor or the program coordinator, a meeting may be arranged with an academic advisor from the College of Technology Student Services at (208) 282-2622.
III. PROGRAM POLICIES

The mission of the Pharmacy Technology Program is to provide comprehensive, quality educational training to enable students in their capabilities as healthcare professionals in the outpatient administrative and clinical settings in the community, state, and beyond. This program focuses on students and the training needed to enter the healthcare setting as entry-level pharmacy technicians. The goals of this program are to involve students in both educational and hands-on skills to ensure their success in the field of pharmacy technology. Students will receive a broad based knowledge that will support completion of their educational requirements as well as lab practice that will confirm their tactile capabilities.

INTRODUCTION

This handbook is designed to provide information and serve as a resource for most questions and school situations you may encounter as a student in the Pharmacy Technology program. The information, provided in this handbook, is meant to supplement that provided in the Idaho State University Bulletin and Official Student Code of Conduct.

PROGRAM DESCRIPTION

After completing the Pharmacy Technology Program, students will be awarded a Basic or Advanced Technical Certificate. This program provides lab equipment and supplies that are based on industry standards and highly experienced instructor(s).

- The Pharmacy Technology Advisory Board will meet bi-annually to discuss expectations and achievements of the Pharmacy Technology program in regards to the mission statement. This board will be a response to the needs of the community and its members will consist of local medical facility members such as pharmacists, pharmacy technicians, and other health care providers that are deemed appropriate.
- The program will maintain quality clinical affiliations.
- The program will encourage faculty development.
- The program will maintain a standard that supports a low faculty/student ratio (1:12).
- The program will work to be cognizant of continuous changes in the healthcare field and bring information to the students through assessment and exposure of new concepts and procedures.

PROGRAM OBJECTIVES AND OUTCOMES

The program will provide quality comprehensive educational training, and the curriculum will adhere to the American Society of Health-System Pharmacy (ASHP) 46 core standards (listed below).

Personal/Interpersonal Knowledge and Skills
1. Demonstrate ethical conduct in all job-related activities.
2. Present an image appropriate for the profession of pharmacy in appearance and behavior.
3. Communicate clearly when speaking and in writing.
4. Demonstrate a respectful attitude when interacting with diverse patient populations.
5. Apply self-management skills, including time management, stress management, and adapting to change.
6. Apply interpersonal skills, including negotiation skills, conflict resolution, and teamwork.
7. Apply critical thinking skills, creativity, and innovation to solve problems.

Foundational Professional Knowledge and Skills
8. Demonstrate understanding of healthcare occupations and the health care delivery system.
9. Demonstrate understanding of wellness promotion and disease prevention concepts, such as use of health screenings; health practices and environmental factors that impact health; and adverse effects of alcohol, tobacco, and legal and illegal drugs.
10. Demonstrate commitment to excellence in the pharmacy profession and to continuing education and training.
11. Demonstrate knowledge and skills in areas of science relevant to the pharmacy technician’s role, including anatomy/physiology and pharmacology.
12. Perform mathematical calculations essential to the duties of pharmacy technicians in a variety of contemporary settings.
13. Demonstrate understanding of the pharmacy technician’s role in the medication-use process.
14. Demonstrate understanding of major trends, issues, goals, and initiatives taking place in the pharmacy profession.
15. Demonstrate understanding of non-traditional roles of pharmacy technicians.
16. Identify and describe emerging therapies.
17. Demonstrate understanding of the preparation and process for sterile and non-sterile compounding.
Processing and Handling of Medications and Medication Orders

18) Assist pharmacists in collecting, organizing, and recording demographic and clinical information for direct patient care and medication-use review.
19) Receive and screen prescriptions/medication orders for completeness, accuracy, and authenticity.
20) Assist pharmacists in the identification of patients who desire/require counseling to optimize the use of medications, equipment, and devices.
21) Prepare non-patient-specific medications for distribution (e.g., batch, stock medications).
22) Distribute medications in a manner that follows specified procedures.
23) Practice effective infection control procedures, including preventing transmission of blood borne and airborne diseases.
24) Assist pharmacists in preparing, storing, and distributing medication products requiring special handling and documentation (e.g., controlled substances, immunizations, chemotherapy, investigational drugs, drugs with mandated Risk Evaluation and Mitigation Strategies (REMS)).
25) Assist pharmacists in the monitoring of medication therapy.
26) Prepare patient-specific medications for distribution.
27) Maintain pharmacy facilities and equipment, including automated dispensing equipment.
28) Use material safety data sheets (MSDS) to identify, handle, and safely dispose of hazardous materials.

Sterile and Non-Sterile Compounding

29) Prepare medications requiring compounding of sterile products (if selected).
30) Prepare medications requiring compounding of non-sterile products (if selected).
31) Prepare medications requiring compounding of chemotherapy/hazardous products (if selected).

Procurement, Billing, Reimbursement and Inventory Management

32) Initiate, verify, and assist in the adjudication of billing for pharmacy services and goods, and collect payment for these services.
33) Apply accepted procedures in purchasing pharmaceuticals, devices, and supplies.
34) Apply accepted procedures in inventory control of medications, equipment, and devices.
35) Explain pharmacy reimbursement plans for covering pharmacy services.

Patient- and Medication-Safety

36) Apply patient- and medication-safety practices in all aspects of the pharmacy technician's roles.
37) Verify measurements, preparation, and/or packaging of medications produced by other healthcare professionals (e.g., tech-check-tech).
38) Explain pharmacists' roles when they are responding to emergency situations and how pharmacy technicians can assist pharmacists by being certified as a Basic Life Support (BLS) Healthcare Provider.
39) Demonstrate skills required for effective emergency preparedness.
40) Assist pharmacists in medication reconciliation.
41) Assist pharmacists in medication therapy management.

Technology and Informatics

42) Describe the use of current technology in the healthcare environment to ensure the safety and accuracy of medication dispensing.

Regulatory Issues

43) Compare and contrast the roles of pharmacists and pharmacy technicians in ensuring pharmacy department compliance with professional standards and relevant legal, regulatory, formulary, contractual, and safety requirements.
44) Maintain confidentiality of patient information.

Quality Assurance

45) Apply quality assurance practices to pharmaceuticals, durable and non-durable medical equipment, devices, and supplies.
46) Explain procedures and communication channels to use in the event of a product recall or shortage, a medication error, or identification of another problem.

Students will be academically assessed regarding critical thinking, effective communication, and personal responsibility through evaluations, to include written, verbal, and critical thinking skills activities.

The program will diligently work to prepare quality Certified Pharmacy Technicians who will:

- Graduate successfully from the ISU Pharmacy Technology Program
- Pass the National Certification Exam through Pharmacy Technician Certification Board (PTCB)
- Perform and demonstrate entry level skills through the supervision of a Certified Pharmacy Technician Instructor and practicum affiliate
- Assume the role of Pharmacy Technician. In doing so, you and are encouraged to be involved with the state society Idaho Society of Health Systems Pharmacists (ISHP) and national organization, American Society of Health System Pharmacists (ASHP)
- Continually improve their knowledge and skills through continuing education opportunities and monitoring advancements in healthcare.
ESSENTIAL FUNCTIONAL REQUIREMENTS FOR PHARMACY TECHNOLOGY STUDENTS

There are essential requirements for students entering the Pharmacy Technology program including physical, cognitive, and behavioral functions that apply to the program. These following abilities are essential to meet classroom, clinical, and administrative objectives as well as those required in the healthcare field.

1. Physical
   a. Students must be able to perform physical activities that require them to be able to move items up to a 50 lb.
   b. Students must have the capability to use dexterity and tactile abilities in performing intravenous preparation and extemporaneous compounding exercises.
   c. Students must be able to communicate well with instructors, students, and patients in a pharmacy setting.
   d. Students must be able to stand and walk for long periods as needed during lab and practicum exercises.

2. Cognition
   a. Students must be able to focus on tasks on hand as well as learn quickly and multi-task when required.
   b. Students must be able to utilize the knowledge they have gained in class and laboratory work and apply critical thinking skills as needed.
   c. Students must be able to remember tasks, assignments, and skills over short and long periods.

3. Behavior
   a. Students must be able to attend to and understand information and ideas presented through lectures and text.
   b. Students should be able to discern when to communicate and when not to. They should be able to keep the conversation relevant. Students should be able to determine relevant questions and discussions for each class.
   c. Students must be aware of the program’s stance on substance abuse. Substance abuse in any form is not tolerated. If taking medications that may hinder their abilities to perform tasks safely, a student must inform the instructor and the student’s physician may be required to attest that the medication is necessary and will not affect the student’s capacity for performing tasks in the classroom safely.

PROGRAM POLICIES

Individuals entering the Pharmacy Technology Basic and/or Advanced Technical Certificate program must complete a background check, a drug screening, and have a complete physical within their first semester. Students must verify that immunizations are up to date as conditions of their acceptance into the first spring semester. Failure to complete these requirements will prevent the student from progressing to the 2nd semester of practicum classes.

ATTENDANCE POLICY

Employers are very interested in a student’s attendance and study habits because they reflect how he/she will perform on the job. Students are expected to attend every lab class on time. All other Pharmacy Technology classes are provided online and will have certain attendance requirements, which usually are on a weekly basis. Positive attendance accounting will be maintained by each instructor. Excessive absences jeopardize your ability to do well in the class and may be a major contributing factor in your lack of success. For specific attendance rules and policies, please refer to your individual class syllabi. Students are responsible to find out what they have missed in a class and talk to the instructor about making up what was missed. An excused absence is one in which the student has informed the instructor of not attending class and furnishes a doctor’s note, or other documentation to support the absence. All work due must be completed within two class days of returning to class following an absence.

• It is the responsibility of the student to monitor their attendance!
• In the event an instructor is out due to illness or other unforeseen circumstances, make-up class sessions will be arranged.
• In case of inclement weather, information regarding school closures due to weather may be obtained by calling 208-282-3936. If the student cannot get a hold of their instructor, they can call the Department administrative assistant at 208-282-4370 and she will relay a message.
CHEATING

Students caught cheating will be dismissed from the class, given a grade of "F", and dismissed from the program.

Any student who cheats, cheats themselves. Cheating may consist of plagiarism, copying from another student's work, copying from notes, etc. Dishonesty, stealing and other violations of the student code of conduct will be handled on an individual basis. Students should familiarize themselves with the ASISU Student Code, and the ISU Student Handbook.

DRUGS

Using, possessing, or being under the influence of illicit drugs or alcoholic beverages during school hours is prohibited.

DRESS CODE

When in clinical classes, students are not required to but encouraged to wear scrubs. Closed toed shoes are required and hair must be clean and pulled back. Nametags are provided to each student and must be worn in class. If the student loses their name badge, they can replace this for $7.00 through the College of Technology Dean’s office. All of this is without exception unless otherwise informed by the instructor.

GENERAL INFORMATION

Degree Programs: The various programs and options currently available under the Health Occupations Department include - Associate Degree Registered Nurse, Health Information Technology, Massage Therapy, Medical Assisting, Physical Therapist Assistant, Occupational Therapy Assistant, Pharmacy Technician, Practical Nursing, and Respiratory Therapy.

Exempt Credit: Prerequisites, where applicable, may be satisfied through Tech Prep agreements or transfer courses.

General Grading Policy:

Students will be required to maintain a minimum grade of "C" in all Pharmacy Technology, pre-requisite and goal coursework.

For specific grading policies, check your class syllabus, which should be available from each instructor at the beginning of each class. A course may be repeated only once. Failure to maintain a “C” the second time will result in immediate dismissal from the program. All first semester courses must be successfully completed prior to beginning the spring practicum. All spring courses need to be completed prior to beginning the summer practicum.

Proper Sequencing:

The Pharmacy Technology Curriculum is sequenced to provide the student with the best possible learning experience. Students who do not complete proper class sequence each semester will not progress to the next semester. ALL classes must be completed with a grade of C or higher to progress to Practicum. At the end of the program all lab classes must be a C or higher.

Release Form:

A student must sign a Release Form if he/she would like to authorize the instructors in the program to release information to prospective employers regarding grades, attendance, or other pertinent information for gaining employment. Students must sign a Release of Liability Form when entering clinical classes.

Reporting Accidents:

Students should promptly report any incident or accident occurring in class or lab setting to Instructor and Program Coordinator.

Background Investigation:

All Pharmacy Technology students must complete Background Check prior to their first fall semester to be admitted into lab classes in the Spring semester. Unsatisfactory background checks are investigated and dependent on the outcome of the investigation could result in dismissal from the program. Any related costs for these requirements are the student’s responsibility. This is done through www.castlebranch.com and the ID# is ID41.
Essential Functions of a Pharmacy Technology student:
• Communicate with patients, providers and coworkers effectively
• Respond to emergencies by providing CPR and First Aid
• Adapt to stressful situations
• As stated on the Physical Form; student should not have limitations regarding lifting and moving or equipment. A physician must confirm that there are no mental or physical conditions that would prevent the student from participating and successfully completing the Pharmacy Technology Program to include the externship/practicum

Student Health Immunizations & Physical Exam
• 1st year students must have their Physical Exam and Immunizations prior to the beginning of the first Spring semester
• The completed forms must be turned into the Program Coordinator, without exception, by the beginning of the first spring semester
• Failure to return completed forms prior to the beginning of the first Spring semester classes will prevent students from proceeding to practicum classes. Please note that the expenses incurred with blood tests for titers and vaccines will be at the cost of the student

• Expenses not covered in tuition
  • Physical Exam/immunizations (During fall semester) (prices vary)
  • Random Drug screening ($40)
  • Uniforms (prices vary)
  • Background Check ($40-50)

INSTRUCTIONAL TECHNOLOGY REQUIREMENTS

Use of computer technology is required by every student. It is necessary to have access to a computer, internet, and an ISU email account. Computer accounts are available when paying tuition fees. The work done on University computers must be the assignments for that particular class unless it is an open lab.

Students will find that email is the best way to contact your instructors and receive quick responses. Students are required to check their email accounts on a regular basis, as many instructors will communicate assignments and changes in the class itinerary through email.

The course site for all classes is Moodle. The instructors take a lot of time to work through and ensure course information is available to students. Students are required to use Moodle. Syllabi, changes, reminders, course handouts and documents, and forms are posted to Moodle.

Class Accountability – the instructors will have the ability to check students’ activity on Moodle. This shows when students are on Moodle, how long they are there, what has been viewed and the location the student was at when they logged into Moodle. Keep in mind the instructors will know if you are actively participating in the class. If not, they may give warnings, especially if the student’s grades are suffering.
IV. COLLEGE OF TECHNOLOGY POLICIES

I. INTOXICANTS POLICY

Any instructor who observes behavior which suggests that a student may be under the influence or detects the odor of an intoxicant on a student will take the following actions:

1. The instructor will notify the student that they will not be allowed in the classroom or lab.
2. Public Safety should be contacted to escort the student to a safe place.
3. The student will meet with the Director of Student Services the following school day to discuss which steps should be taken.
4. The Director will communicate with the Office of Student Affairs regarding the violation.
5. The Director will contact the instructor and Department Chair summarizing any outcomes.

This policy does not supersede other laws or university student conduct policies pertaining to alcohol or drug possession, consumption or delivery.

II. DISMISSAL POLICY

A student may be dismissed from a College of Technology program if the student fails to meet the academic and/or nonacademic continuation standards of the program/department including unprofessional/unethical behaviors and unsafe practices, or if the student is not making satisfactory progress in the program. Prior to making a decision of dismissing a student, the faculty of the program will meet with the student for a disciplinary review in order to give the student due process which includes a student’s right to be adequately notified of charges and the opportunity to be heard.

DISCIPLINARY PROCEDURES

1. The faculty will notify the student privately of the incident(s) that have led to a disciplinary review and schedule a meeting time for the review. The purpose of a disciplinary review is to discuss the facts of the incident(s), to hear the student’s perspective, and if a violation has occurred, to determine an appropriate level of discipline which may lead to dismissal.
2. The meeting should be scheduled as soon as possible after the incident(s) occurred.
3. The student should refrain from attending any clinical, lab, externship, etc. that may threaten or pose a danger to the health, safety or welfare of any individual. After the disciplinary review, the faculty should determine what sanction to impose. In determining what sanction to impose, mitigating and aggravating factors may be considered; such as the individual’s prior disciplinary record, the nature of the offense, the severity of the damage, injury or harm resulting from the violation, and any restitution made.

NOTIFICATION PROCEDURES

1. The student must be notified in writing of the outcome of the disciplinary review and if sanctions will be imposed. If the student is dismissed, the letter must be sent by certified mail, return receipt requested.
2. The letter should indicate the incidents that occurred and the decision made regarding the incident(s). The student should be notified in the document that he or she has the right of appeal according to the Idaho State University Student Handbook. The student should be given a copy of the ISU Student Handbook or notified that it is available online.
CHANNELS OF REDRESS

An aggrieved student may:

1. Present any unresolved issues to the Department Chairperson. If the Department Chairperson is named in the complaint, the Dean of the College where the alleged infraction occurred shall appoint another member of the college to act in the Chairperson role for the appeals process.

2. Present any unresolved issues in a formal hearing before the Dean of the College involved. In the case of dismissal from a program, that is the college in which the program resides; for an appeal of a course grade, it is the college in which the course was offered. At this hearing, parties shall submit written charges, answers, and arguments to the Dean. The Dean shall preserve these documents for use in later appeals to a Scholastic Appeals Board, if such an appeal becomes necessary. Only written charges, answers and arguments presented at the Dean’s formal hearing will be subject to review by a Scholastic Appeals Board. The Deans shall preserve all tangible evidence and all written charges, answers, and arguments submitted at hearings before them. The student must have specifically demonstrated at the formal hearing before the Dean how the alleged infraction led to his or her dismissal from the program or adversely affected his or her final grade in order to pursue an appeal to a Scholastic Appeals Board. The Dean must notify, in writing, the student and faculty member of his or her decision within one week following the formal hearing. The Dean shall have the authority to direct the Registrar to change a student’s grade.

3. Any Department Chairperson or College Dean may elect to utilize an internal committee to assist in making a decision on academic appeals at the departmental and/or college levels. Department Chairs and Deans may interview the student and/or instructor, or conduct any additional investigation deemed appropriate to help in the decision-making process. Nothing contained in these procedures shall act to enlarge or restrict the existing authority, if any, of any Dean or the Provost and Vice President for Academic Affairs to take any action, including the changing of student grades or reinstating a student, outside of the appeals process described herein.

PROCEDURE FOR AN APPEAL TO SCHOLASTIC APPEALS BOARD

1. If the student wants to appeal the decision reached in the formal hearing, he/she must obtain a scholastic appeal petition form from the Office of Student Affairs, and return it there when completed. The completed petition shall include a concise description of the complaint, the signature of the student instituting the petition, and the signatures and comments of the faculty member, Department Chairperson, if any, and the Dean involved, if said persons are still available.

2. Copies of all written charges, answers, and arguments and all tangible evidence presented at the Dean’s formal hearing shall be made available to the student to attach to the original petition submitted to the Office of Student Affairs. The petition and additional materials will be secured in the Office.

3. A scholastic appeal petition must be initiated before the end of the semester following the formal hearing. The petition is initiated when the student formally presents his or her complaint to the Office of Student Affairs and requests a scholastic appeals petition.

4. The Office of Student Affairs will then notify the Chairperson of the Academic Standards Council of the need to consider the petition. The Chairperson will then choose a Chair for the Scholastic Appeals Board, and the rest of the Board will be constituted.
V.
IDAHO STATE UNIVERSITY
POLICIES

The following policies fall under the guidance of the Idaho State University Student Handbook.

For more information on each topic, please find the policy and descriptions using the handbook link. https://www.isu.edu/studenta/student-rights-responsibilities-and-advocacy/student-handbook/

1. FERPA (page 4)
2. Smoking (page 6)
3. Sexual Harassment and Title IX (page 17)
4. Withdrawal (page 33)
5. Satisfactory progress (page 34)
6. Academic Standing (page 37)
7. Petitions (page 50)
8. Communicable Diseases (page 54)
9. Affirmative Action (page 55)
VI.

COLLEGE OF TECHNOLOGY
RESOURCES AND SERVICES

SECTION I
SERVICES FOR STUDENTS

Student Services: This office is located on the main floor of the RFC Complex, Room 184 and assists students with specific information about the programs at the College of Technology. Academic advisors are available to give students assistance with admissions, class and schedule advisement, academic resources, and specific information pertaining to a students’ educational goals.

Hours are 7:30 a.m. to 6:00 p.m. Monday through Thursday and 7:30 a.m. to 5:00 p.m. on Fridays. Appointments can be made by calling (208) 282-2622. Appointments are recommended but not required. Tours of the programs are available by appointment and can be set up by calling (208) 282-2800 isu.edu/tech/departments/student-services/.

Tutoring Assistance: Students who are experiencing difficulties with their program instruction or classroom assignments may receive assistance. The student’s instructor should be contacted first, as many of the training programs have ‘peer tutors’ available who are familiar with the required curriculum and assignments.

NOTE: It is important to request assistance as EARLY in the semester as possible! At the point a student recognizes he/she is having difficulty, help should be sought immediately! Contact the Resource Center, located on the third floor, Room 365, of the Roy F. Christensen (RFC) complex or telephone (208) 282-3208 for an appointment to discuss specific tutoring needs.

isu.edu/tech/departments/resource-center/

The Center for New Directions: Located within the RFC Complex on the third floor, Room 372. The Center’s telephone number is (208) 282-2454. Support programs are available at no cost for men and women who are interested in entering/reentering the job market due to issues which might include: divorce; separation; death; or disability of a spouse. Services are available on job seeking skills, career information, self-esteem, self-confidence building, and personal counseling. The Center also provides a limited number of scholarships for single parents and for women and men interested in pursuing ‘non-traditional’ fields of training. isu.edu/cnd

SECTION II
REGISTRATION AND FEE COLLECTION POLICY FOR 2018-2019

All students who are enrolled in semester-based programs must pay their tuition by the Friday before classes begin to avoid a $50 late fee. For tuition payment information login to the ISU Bengal Web and go to the Finances Tab.

Students who are enrolled only in the eight-week classes (early and late), must pay tuition by the first day of class.

NOTE: It is the individual student’s responsibility, regardless of funding source, to see that their tuition is paid on time and that they are officially enrolled at ISU. Students who do not pay tuition prior to the deadline may be disenrolled.

SECTION III
FINANCING YOUR EDUCATION

Students attending the ISU College of Technology can apply for federal financial aid by submitting a Free Application for Federal Student Aid (FAFSA) form each year they are enrolled at the University. FAFSA applications are available on the web at: fafsa.gov. It is strongly recommended that students apply early. Keep the Financial Aid office notified of any changes in student
status such as address change, marriage, etc.

NOTE: Students who leave school prior to successful completion may have to repay federal financial aid received. Call the ISU Financial Aid office immediately if you plan to withdraw from school. (208) 282-2756. The website for financial aid is: isu.edu/financialaid/

Numerous scholarships are available to College of Technology students. The ISU Scholarship Department website lists those scholarships available to the general university population.

The most common scholarships are the Associated Students of ISU (ASISU) Need and Scholastic awards. Funds for these scholarships come from a portion of the registration fees each student pays. Applications for ASISU scholarships are made available every semester to currently enrolled students. Many scholarships are donated by business/industry, organizations, or individuals and have specific criteria, which must be met. Eligibility requirements are usually listed on the posted announcement. Check with College of Technology Student Services office for a list of current scholarships available or you may access this information on-line. https://isu.academicworks.com/users/sign_in

SECTION IV SHORT-TERM LOANS

The Short-Term loan program is funded by Friends of Idaho State University. It is limited to loans for books and educational expenses. The maximum amount of each loan is $500. The loans are issued for up to 90 days. They must be repaid upon receipt of financial aid, 90 days after issue, or the last day of the semester, whichever arrives first. Your ISU internal credit rating will be reviewed prior to loan approval. Failure to pay this loan as agreed will adversely affect the credit rating used internally by ISU.

HOW TO OBTAIN A SHORT-TERM LOAN

Complete a loan application and promissory note at the Office of Finance and Administration, Room 124In the Administration Building or complete online form at isu.edu/finserv/forms/sbstlapp1.pdf

NOTE: The priority deadline for most types of federal financial aid is March 1 of each year, although students are encouraged to apply anytime between January 1 and June 30 of the following year (example, January 1, 2012 to June 30, 2012).

SECTION V TRAFFIC AND PARKING

NOTE: Please refer to the ISU parking web address at isu.edu/parking/

Every motor vehicle on the ISU campus must be registered and display an appropriate ISU decal. Parking permits are available at the ISU Traffic Office located at the corner of South Fifth and Humboldt Street, telephone (208) 282-2515 or 282-2625.

Cost: General Lot: $100  
Reserved Lot: $300  
Reduced fee $50 at Holt Arena only

Students may park only in the area their parking decal designates. Students at the College of Technology may not park in the Cosmetology Patron parking spaces. The parking meters at the RFC are reserved for visitors and new applicants inquiring about school. Students are NOT PERMITTED to park in metered spaces. Students should be aware of the ISU towing policy. Any vehicle will be towed at owner’s expense when it accumulates $50 in citations.

Any traffic tickets or resulting fines owed the University must be paid or students’ transcripts, certificates, and/or degrees will not be released upon completion of their training program. In addition, registration for the next term will not be permitted until the fines and other financial obligations are paid or proper arrangements are made by the student.
SECTION VI
TRANSPORTATION

ISU Commuter Bus: The Commuter Bus Service is a system designed to assist commuting students enrolled at ISU with a source of transportation to and from the campus. The Transportation office is located at the corner of South 5th and Humboldt Street. Their number is (208) 282-4660. Busses run on a daily basis (Monday through Friday) and pick up students at various locations in outlying areas of the region including Idaho Falls, Exit 113, and Blackfoot. The bus schedule operates from the first day of each semester and continues until the last day of final examination week. For information on costs and schedule, telephone (208) 282-4460, or go to isu.edu/transportation/.

Pocatello Regional Transit (PRT): Located at 215 Bonneville (former Greyhound Bus terminal in Old Town Pocatello). Call (208) 232-0111 for information and schedules. Pocatello Regional Transit provides a shuttle bus service on campus from Holt Arena to various drop off points on a 10-minute basis during the school day and is free of charge! PRT provides transportation services within the metropolitan Pocatello vicinity. Student discounts are available.

SECTION VII
GRADUATION

NOTE: Students should refer to the policies in the program section of the handbook to determine eligibility for a Certificate and/or Associate of Applied Science degree.

Students planning to graduate should apply for graduation no less than one semester before all requirements are completed. Students are encouraged to apply the semester before they intend to graduate in order to confirm all requirements are met. Information about applying and costs can be located on the ISU Registrar’s office website: isu.edu/registrar/graduation-application/

The College of Technology graduation ceremonies are held in May and December. Students who have applied for graduation will receive information regarding this ceremony. The commencement exercise for the entire University takes place once a year, the Saturday following the last day of school in May.

ISU College of Technology students are encouraged to take part in the graduation ceremonies. For most people this is a once in a lifetime experience and an opportunity for family and friends to honor all the graduates. Whether or not a student is unable to attend the graduation exercise, the student’s diploma will be mailed at a later date.
HANDBOOK SIGNATURE FORM

I acknowledge that I have received, read and understand the Pharmacy Technology Handbook. I have also reviewed the Idaho State University Student Handbook and understand the privileges and responsibilities of attending Idaho State University.

CONSENT FOR PHOTOGRAPH RELEASE

I understand that my photograph may be used for educational purposes. I also understand that these photographs may be used in classroom discussions, reproduced to facilitate written and digital formats (including online), and/or be used in marketing promotional materials (brochures, pamphlets, flyers, etc).

If there are limitations, please check one of the following boxes:

☐ Photographs must be altered to ensure facial identity is hidden.
☐ Do NOT use my photo for promotional or educational use.

COMPUTER USAGE POLICY

Idaho State University
College of Technology
921 S 8th Avenue, Stop 8380
Pocatello, Idaho 83209-8380

COMPUTER USAGE POLICY

Person(s) using any of the ISU computing resources for personal gain, violation of security/privacy or who otherwise compromise the integrity of the hardware and/or software shall be prosecuted to the full extent of the law.

Legitimate use of a computer or computer network does not extend to whatever you are capable of doing with it. Although some rules are built into the system itself, these restrictions cannot limit completely what you can do or see. In any event, you are responsible for your actions whether or not rules are built in, and whether or not you can circumvent them.

Inappropriate use of the computer is considered computer misuse. The supervisor of each lab will determine what is deemed “inappropriate use” for their particular lab. For specific computer lab policies, see individual lab instructors. Inappropriate use may result in denial of computer lab access at the College of Technology.

The misuse of this computing account, or use of an account belonging to another, may result in the loss of your computer privileges. Where computing is required to complete course work this may effectively require transfer to a non-computer related program and/or hinder your pursuit of a degree. Examples of misuse are: sharing your personal account with another individual, using unauthorized passwords, use for financial gain or business purposes, sending offensive electronic mail or Internet correspondence, chain letter, or other such correspondence, unauthorized transfer of computer programs or data, attempts to circumvent established procedures, computer security breach or attempts to break security.

I have read the entire student computing contract. I acknowledge and agree to use the ISU computing resources solely for University instructional, administrative, or research activities in accordance with above policy. I further acknowledge that any abuse of the above privilege may result in loss of computing privileges whether or not such privileges are necessary for continued enrollment in my present course of study.

HEPATITIS B

+ Positive Titer
- Negative Titer

Attach lab result

Negative titer requires further evaluation

INFLUENZA

Yearly vaccine
August – March

MMR

2 documented doses OR proven serologic immunity to all three

Attach copy of vaccine administration record OR attach lab result

Tdap

Booster as an adult within the last 10 years

Attach copy of vaccine administration record

VARICELLA

2 documented doses OR proven serologic immunity

Attach copy of vaccine administration record OR attach lab result

TB

Skin Test (PPD) mm induration (>10 mm is +)
OR
IGRA + or –

Attach copy of document PPD mm reading OR IGRA lab result

If positive* CXR

attach report from radiology

Please refer to ISU screening recommendations for details about serologic immunity, vaccines, and *TB screening

Is the patient now under treatment for any medical or emotional condition? Yes______ No______

Does this person have any limitations regarding lifting and moving of people and/or equipment? Yes______ No______

In your opinion, does this applicant have the mental and physical health to meet the requirements of being an active and successful student in the Health Occupations Department as well as for being employed professionally following graduation? Yes______ No______
