Due to COVID 19, our program will not be requiring observation hours.

Instead, please read the following instructions and provide us with an essay to be typed using Times-New Roman 12 point, double spaced. This should be no longer than 3 pages.

- Please tell us three things you know about the occupational therapy assistant field.
- Describe to us one setting that an occupational therapy assistant might work in.
- Describe one population that an occupational therapy assistant might work with.
- Please tell us why you want to be an occupational therapy assistant. In this discussion, please give us two strengths that you believe would make you an excellent occupational therapy practitioner and one thing that you know you will need to work on while you are in the program to develop your ability to excel in this profession.
