CSD 4460	Educational Audiology	3 credits	
CSD 4425*	SLP Methods and Applications (<i>pre-reqs CSD 3315, 3325, 3335, 4420</i>)	2 credits	(5-7 credits)

Notes:

**Optional courses - not required but highly recommended.*

Prior to or during the pre-professional year, students applying to our Master of Science in Speech-Language Pathology graduate program must show evidence of having taken the following:

- **Biological sciences:** At least a 100-level university course with a content area related to human or animal sciences: includes biology, human anatomy and physiology, neuroanatomy and neurophysiology, human genetics, and veterinary science. Must be from a Biology department. CSD Anatomy and Physiology is not acceptable.
- **Physical sciences course:** At least a 100-level university course. Must be either Physics (recommended) or Chemistry.
- **Statistics:** At least a 100-level university course. An acceptable description would include topics such as descriptive statistics, probability, inferential, correlation, and regression, measures of central tendency, t-tests, ANOVA, and hypothesis testing for one and two parameters. The course may be under Math, Statistics, Psychology, or Business as long as it meets the above criteria.
- **Social/Behavioral Sciences course:** At least a 100-level university course. Includes Psychology, Sociology and Anthropology

A background in Sign Language is strongly encouraged. There is not a specific course required, but basic sign language skills are beneficial to you as a communication professional.

Successful completion of the Pre-Professional Academic Certificate Program does **NOT** ensure the student a seat in our Master of Science in Speech-Language Pathology graduate program. Students must apply by February 1st of the year he/she would like to enter the Master's Program. Please visit our [website](#) for application instructions.
