Students completing a CSD pre-SLP minor will need to take CSD 3330 (Language Science) & CSD 4405 Neuroscience during the summer semesters, if they are wanting to apply to graduate school for speech-language pathology.

During coursework, students applying to our Master of Science in Speech-Language Pathology graduate program must show evidence of having taken the following:

- Biological sciences: At least a 100-level university course with a content area related to human or animal sciences: includes biology, human anatomy and physiology, neuroanatomy and neurophysiology, human genetics, and veterinary science. Must be from a Biology department. CSD Anatomy and Physiology is not acceptable.
- Physical sciences course: At least a 100-level university course. Must be either Physics (recommended) or Chemistry.
- Statistics: At least a 100-level university course. An acceptable description would include topics such as descriptive statistics, probability, inferential, correlation, and regression, measures of central tendency, t-tests, ANOVA, and hypothesis testing for one and two parameters. The course may be under Math, Statistics, Psychology, or Business as long as it meets the above criteria.
- Social/Behavioral Sciences course: At least a 100-level university course. Includes Psychology, Sociology and Anthropology

Successful completion of a CSD pre-SLP minor does NOT ensure the student a seat in our Master of Science in Speech-Language Pathology graduate program. Students must meet all coursework and apply by application deadline of the year they would like to enter the Master's Program. Please visit our [website](#) for application instructions.
