

Idaho State University

Enterprise Rent-A-Car Information

The State of Idaho has a contract with Enterprise Rent-a-Car which automatically includes:

- \$500,000 liability and personal injury insurance.
- Full coverage on any damage done to the vehicle, including full replacement value if the car is totaled

If you were to choose these options from one of the lower cost rentals or Internet specials, it would add \$10-\$15 per day to the rental cost making the true rental cost not the bargain it appears. In the past, the State had recommended that you do not buy any additional coverage because we were self-insured. It was a risk we took and sometimes paid for. But with this new contract, the insurance is automatic and the risk to the State (and your department) is greatly reduced.

Payment Methods

- Direct Bill for Idaho, Oregon, and Washington
- National Direct Bill for those that need to travel outside of the tri-state area
- Personal credit card for those that need to purchase their own travel and be reimbursed by their agency - requires identification that the person is a government/state employee

While Enterprise does allow payment through a State P-Card, and some state entities do allow payment by this method, University Administration restricts payment by P-Card relating to travel, i.e., meals, hotel, rentals, etc.

How to Reserve: Call (800) 261-7331 or the Enterprise website. When calling, be sure to identify yourself as a state/public agency employee.

For After-Hour Rental Needs: Call Enterprise branch direction at (208) 232-1444
