2+2 Articulation Agreement Between College of Eastern Idaho and Idaho State University

INTRODUCTION

Based upon a mutual respect for the integrity of academic programs and in an effort to better serve students who wish to obtain a bachelor's degree after being awarded an associate's degree; the College of Eastern Idaho (CEI) and Idaho State University (ISU) hereby enter into an Agreement for a 2+2 Articulation Agreement that upon a student's successful completion in its entirety will result in an associate's degree from CEI and a bachelor's degree from ISU. Efficient completion of the program by students will encompass 2 years of attendance at CEI followed by 2 years of attendance at ISU.

OBJECTIVES OF THIS AGREEMENT

1. To facilitate the transition of students from the College of Eastern Idaho to Idaho State University.
2. To provide specific advisement for students of CEI who intend to pursue their bachelor's degree at ISU.
3. To encourage academic and administrative coordination between institutions, and the exchange of evaluative information on the outcomes of the program with the goal of continual improvement.
4. To provide qualified students the opportunity to complete an associate's degree from CEI and to complete a bachelor's degree in a total of four years (two at CEI, two at ISU).

REQUIREMENTS OF THIS AGREEMENT

1. Students must have obtained their associate's degree *or general education academic certificate* and be of junior standing (completed 58 or more credits) upon transferring to ISU.
2. Students will complete all required course work as outlined in the Articulation Agreement above.
3. Students who are on track to follow this Articulation Agreement, and have maintained continuous enrollment at CEI, will be given catalog year rights at ISU. This means that the catalog year in which a student initially entered CEI is also the catalog year that the student will be provided once he or she transfers. This ensures that students who are following the above articulation agreement are not affected by curriculum changes in their program at ISU.
4. All general education courses will transfer in accordance with the Idaho State Board of Education policy III.N Statewide General Education.

MUTUAL PROMOTION OF THE PROGRAM

1. College of Eastern Idaho and Idaho State University both agree to encourage qualified students to participate in this Articulation Agreement through advisement and dissemination of information.
2. The General Education Department at CEI will make every effort to maintain a list of students actively pursuing the program with the intent to enroll at ISU and will inform the Transfer Program Coordinator. This list will be used by the ISU Admissions Office and the Office of the Registrar to determine catalog year rights of transfer students.

PROGRAM CHANGES

1. This Articulation Agreement will require an annual revision to ensure all program graduation requirements that change at either institution can be updated. The General Education Program at CEI will work closely with the Transfer Program Coordinator at ISU to update all curriculum changes to the Articulation Agreement.
2. All changes must be updated in the Articulation Agreement and all signatures must be obtained by July 1 for the upcoming academic year

TERMINATION OF THE AGREEMENT

1. This Agreement shall be in force until either institution makes a decision in writing to terminate the Agreement. It is agreed that if terminated, both institutions will honor the terms of the Agreement until all students already matriculated at ISU are given the opportunity to complete the program in a timely manner.
2. Termination becomes effective on the first day of July following the written notice of termination; this will enable any qualified CEI student who completes the CEI portion of the requirements of this Agreement prior to the effective date of termination, July 1, to be admitted into the ISU program in the fall semester immediately following the effective termination date.
