Proposed ISU Parking and Traffic Flow

In preparation for the construction of the Idaho College of Osteopathic Medicine (ICOM), this correspondence is to inform everyone that parking on the East side as well as the East entrance traffic flow to the Faculty/Staff, Reserved, Visitor, Clinic and Handicapped parking will be disrupted. Construction is anticipated to start on or about April 15, 2017. ISU faculty, staff, and students will no longer be able to park on the east side of the building. The parking areas and traffic flow are listed below. It is important that everyone follow the signage, arrows and speed limits to all parking lots.

Parking: Parking areas are as follows:
South Side: Motorcycle, Faculty/Staff, Reserved, Visitors, Testing Center (Prometric), Clinic and Handicapped
West Side – NW Front Lot; West Ada School District Staff (WASD) lot: General Parking.
West Side – Soccer Field Lot: General Parking

No parking is allowed in the high school student, WASD North (in front of the building) or the North East side parking lots.

Below is the traffic flow for accessing the above-mentioned areas:

Faculty, Staff, Visitors, Clinics, Testing Center (Prometrics), and Motorcycles: Use the East side entrance to the parking area, as has been the normal practice. Once you enter off Central Dr. turn left following the signs, which will lead you to the fire lane area on the East side of the building and then to the South lot. Prometric Testing Center will park in the visitor area. This is the first two sections next to the curb. Students may use this route after 4pm weekdays, holiday or weekends to park in the General Faculty/Staff area. Permits will be required.

NOTE: You will be driving close to the ICOM Construction and the ISU East building entrance, Please obey the posted speed limits and watch for pedestrian traffic.
This access may be blocked periodically due to construction, at which time a Detour sign will be posted and you will need to access the south side of the building from the West entrance. Please be cautious when using the West entrance as the school buseses, high school students and WASD also use this entrance.

ISU Faculty, Staff & Students with General Permits: Use the West Side of the NW Front Lot. West Ada School District staff, Renaissance High School Staff and their visitors also park in this NW lot. Enter the lot from the west most entrance (this entrance is one way in) off E Central Drive and the ISU Student parking will be immediately to your left. For safety, please utilize the crosswalk from the parking lot to the school and then head south near the building. **DO NOT ENTER THE BUILDING THROUGH THE HIGH SCHOOL ENTRANCE ON THE WEST SIDE.** Exiting the West Side lot, please be patient and utilize the proper lane to proceed East or West. This exit is one way out. Please use caution in the west side parking area as high school students and school busses enter and exit this area too.

General permits can also utilize the Soccer Field Lot located just off Central Drive in front of the soccer fields. For safety, please proceed to the building utilizing the sidewalk and use the crosswalk to cross the One Way exit road in front of the high school before walking to the south side of the building. **DO NOT ENTER THE BUILDING THROUGH THE HIGH SCHOOL ENTRANCE ON THE WEST SIDE.**

You do not need to buy a permit for the Summer Semester; however, you will need to display an ISU PDF permit (issued by your departments or front office) from May 1 – July 31 to park in the new areas to avoid a ticket. Starting August 1, 2017, you will need to purchase General permits to park in these areas.

Parking spaces on the north and northeast side of the building are reserved for the West Ada School District. Please remember that cutting through parking spaces is unsafe and that the speed limit is 15mph for all parking areas.
