

Idaho Museum of Natural History

IMPACT REPORT | FISCAL YEAR 2018

Discovering **IDAHO** One Story at a Time

INFORMAL & FORMAL EDUCATION

IMNH is the region's premier institution for delivering informal and formal science education founded on its unique heritage collections and access to faculty and students at Idaho State University. Our strength lies in our ability to excite learners with real objects and teach STEM through cutting-edge, authentic experiences.

Educational Classes

6,603 Students

Dino Camp Series

Educated **Grades K-12** on
3-D Industry Design

29th Science Trek

150 Kids
360 Volunteer Hours

ISU Career Training

16,000 Student Hours

**BUZZSAW SHARKS
OF LONG AGO**

\$52,125 Gross
Revenues

105,000 Visitors

COLLECTIONS

New Specimens	5,000	Specimens Added
Physical Collections	19,000	Observations of Plants
Virtual Museum	52,000	Digital Specimens

RESEARCH & PUBLICATIONS

Our goal is to build quality collections that tell the stories of natural history for all of Idaho. Summer field programs and in our curation labs, faculty, students, and citizen scientists collect and document research-quality specimens and drive novel research.

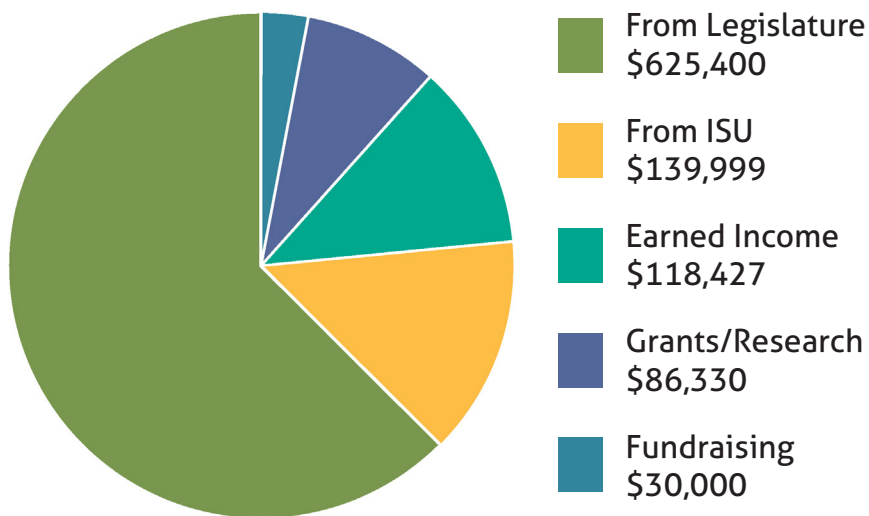

Managers/ Curators	2 Volumes 7 Articles 11 Conference Abstracts
Graduate Students	5 Masters Theses based on Museum Collections
NSF Initiatives	Includes national consortia such as Pacific Northwest Herbaria and Morpho Source

BUDGET

...Decisions made today impact the next 10 years.

IMNH's Fiscal Year 2018 Budget :

The Idaho Museum of Natural History's mission is to acquire, preserve, study, interpret and display natural and cultural objects for Idaho residents, visitors and the world's community of students and scholars.
