LIVESTREAM ACCESS TO NEW STUDENT ORIENTATION

New Student Orientation is required for all new first year students. It is optional, but highly recommended, for transfer students. Attendance will be taken and those who attend Orientation will be contacted first to register for Spring 2022 courses.

Virtual attendees will participate in New Student Orientation by watching a Zoom meeting as it is happening “live” from the Pocatello campus of ISU. The Zoom link is provided in the schedule overview below. The password will be emailed to your ISU email account on Tuesday, November 30, 2021.

If you need assistance claiming your ISU email account, please visit this website. If you have trouble, please contact the IT helpdesk at 208-282-4357 or email help@isu.edu.

If you need assistance downloading the Zoom application, usage instructions, or technical help please visit these sites: Zoom Basics, Create Account, Join Zoom Meeting

Please claim your account and download the Zoom application as soon as possible. Be sure to test your microphone and camera before Wednesday, December 1. Please update your Zoom screen name to your full ISU name for communication and to track attendance. Passwords will only be emailed to ISU email accounts and no personal email addresses.

Students, please share this information with your family members who wish to join you (virtually) for New Student Orientation. We also encourage them to complete the Virtual Family and Guest RSVP form so that we also have their direct email address.
ACADEMIC ADVISING AND REGISTRATION

Your academic advising team is excited to meet with you! As registration will not occur during your virtual orientation, advisors will reach out to set up an advising appointment. You are encouraged to contact your advisors if you’d like to set up an appointment as well. They can be reached at 208-282-3277 or email advinfo@isu.edu.

VIRTUAL SCHEDULE

Wednesday, December 1, 2021
