

Idaho State University Social Work Program

Documentation of Volunteer Hours

Following admittance to the program, social work students are required to complete **20 hours** of documented volunteer work within a social service agency following admission to the program and prior to interviewing for senior practicum. The purpose of this volunteer work is to familiarize students with agencies and needs within the community. The experience will assist the student in building networking skills as well as developing a professional resource list. Students may choose from a wide variety of settings including food banks, homeless shelters, SSSWA service projects, etc.
