

Principles of Income Tax

1. Honors course requirements:

The student will participate in VITA (Volunteer Income Tax Assistance) on Thursday nights. He will file at least 8 tax returns under the oversight of that program. This effort will give the student hands-on experience in his intended career, applying the content learned in this class to serve the community.

2. Description of alternative assignments:

Support for VITA, including filing the 8 tax returns, will be completed by April 15. The student will provide the instructor with a letter from VITA confirming completion.

3. Final grade calculation:

The VITA participation will be entered in the grade book as an additional assignment, graded S/U, and will be given equal weight with the other assignments.
