Graduate School Advising

This summer, the University Honors Program staff would like to provide specialized application support to students who are considering applying to graduate or professional schools in any field during the 2024 application cycle. Current Honors students and alumni are eligible to participate at no cost!

Through five hour-long advising meetings in the summer of 2024, Conner will work with up to 12 students to maximize their success navigating the graduate school application process. For students who are interested in participating in the cohort, please apply using the QR code listed on the flyer attached.

Please reach out to Conner Suddick (connersuddick@isu.edu) if you have any questions!
