G. FUTURE BUSINESS:

1. Refer to Academic Standards Council: issue of consistency of sister courses at upper division undergraduate/graduate level – 33xx/55xx vs. 44xx/55xx – potential accreditation for grad programs?

2. Interdisciplinary programs – placeholder; deferred until Fall 2022?
How to deal with faculty oversight of curriculum in interdisciplinary programs; Faculty Senate is working on this; may or may not be part of UCC responsibilities – UCC Chair will follow up with Faculty Senate.
3. **Catalog Format Review Subcommittee – placeholder**
   - **Accelerated Programs Catalog Layout**: create standardized catalog format
   - **Admissions Requirements**: should Admissions Requirements continue to be part of UCC catalog page with UCC’s review/approval process, or move to departmental page that can be changed more quickly? Considerations include students’ catalog rights in meeting program requirements for graduation.
   - **Course and Program Duplication**: develop written guidance on what constitutes duplication of courses and programs. Include Academic Affairs and Faculty Senate in the discussion. Consider ways of alleviating competition and encourage collaboration among programs. Student headcount in majors and programs is an important metric in measuring program health, but what should happen when a program uses many courses from another department in their programs?

H. **ADJOURNMENT:**
